Rossitter Irked By Water Woes

Obviously irked to the point of frustration over developments at last week's San Antonio Water Co. election, Councilman Ronald Rossitter fired verbal volleys during Tuesday night's City Council meeting at Mayor Max Hawkins, City Mgr. Elwin Alder and SAWC stockholders.

Rossitter said he was "distressed" that Hawkins, who carried the City's proxy to the annual water company meeting, made "no effort" to inform the stockholders that Council at its last session indicated it wanted Alder off the SAWC Board of Directors. (The City Manager and six growers were re-elected en masse to the Board).

"And I am astonished that the City Manager did not withdraw his name," Rossitter asserted. "Our City policymakers and management certainly are not working together."

Rossitter chastised the water company stockholders for their failure to demonstrate a "sense of fair play" by electing two City Councilmen to the Board inasmuch as the City owns approximately 25 per cent of all SAWC stock.

"When the boot is on the other foot, I would expect us to respect the minority," he said, "and the water company should now."

Councilman James Christensen, who with Rossitter forms the City's two-member Water Committee, admitted his "disappointment over the outcome of the election." He said he felt "the growers were very small in their thinking."

However, Christensen continued, "I recognize that, if the City Manager does resign, we would have no contact with the company." He called it "sheer folly" for Council to ask Alder to resign — "just to show we're the boss."

Christensen remarked, in reference to Alder's election, that "apparently he's the only one they want . . . and that's a lot better than nothing."

Asked by Councilman George Gibson if the stockholders were advised of the City's wishes, the Mayor responded, "I'm sure they knew about it." (See companion story for the full Hawkins explanation).

After the Mayor offered his brief report on the SAWC meeting for Council's benefit, Alder asked for a chance to say a few words. He explained that he was not present for the water company vote, due to illness, and he requested an expression from Council regarding his status on the SAWC Board.

Councilman Abner Haldeman came to the City Manager's support, saluting his "non-political representation" and calling it "the best relations we've enjoyed in years." Haldeman added, "The Board has spoken . . . and I feel secure."

Rossitter subsequently charged that he wasn't "the least satisfied with our representation on the Board," insisting that "we aren't adequately informed." Haldeman was angered by his colleague's words and exchanged a few unpleasantries with Rossitter.

Interceding, Christensen said, "We've been soundly defeated. The water company knew about it (Council's desire for two Board seats). It gathered the most strength in its history to beat us." He then recommended that the Water Committee be briefed "at least twice a month" by Alder.

Christensen moved that the City Manager be advised to remain on the Board of Directors . . . "until such time as we can do something else" . . . and his motion carried, 4-1 (Rossitter dissenting).

Before the vote could be taken, however, Rossitter fired this final shot in Hawkins' direction: "I waited all week for consultation (as a member of the Water Committee), but never was, Mr. Mayor. We should meet with the San Antonio Water Co. Board and make a statement . . . state our case . . . they should know why we want proper representation."

Mayor's Letter Bares SAWC Role

(Ed. note — On March 9, the day after the San Antonio Water Co.'s annual stockholders' meeting and a day before THE NEWS was editorially critical of the City's participation in election of the company's Board of Directors, Mayor Hawkins sent the following letter to fellow members of the City Council. It is published in full to document the mayor's attitude toward the election. Also, on page C-1 of this issue, the water company's managerial report and financial statement are reproduced in their entirety.)

* * *

I would like to sum up the San Antonio Water Company situation as I see it.

It was very evident that the growers, who control 75% of the stock, had a meeting of the minds with a determination that the membership of the Board of Directors was not to be changed at this time.

This was made quite clear by the vote totals. The City had 1,611 votes and I carried another 5-vote proxy. Even after voting for Councilmen Christensen and Haldeman **only**, their totals were 1,886 and 1,680 compared to an average of 3,358 for each of the board members elected.

Now as to the unenviable position that Mr. Alder holds! As instructed by the Council, I did not vote for him so the stock held by the City had nothing to do with his being elected. He was voted to the Board by the ranchers which was, in my opinion, a "vote of confidence" by the growers. They could very easily have nominated one more from their ranks and removed Mr. Alder.

As to our course of action— we could demand that Mr. Alder resign from the Board. The obvious result of that is that the remaining members of the San Antonio Board would appoint another one of the growers to fill the vacancy. Even if a majority of the Council think it is not Mr. Alder's place to be on the Board of the Water Co., I feel strongly that having Mr. Alder on that board is far better for the interests of the City than not having anyone. (The interests of the City deserve more from us than "spite" in any form.)

I have been told that we have enough stock in the Water Co. to demand a special election. I'm sure anyone seeing the result of this election could accurately predict the outcome of another election— still no representation from the City and very probably a build-up of bad feelings between the two groups.

Overall — the important things are that the San Antonio Water Co. continues to operate in an efficient manner to provide water for the growers and the City; that their long-range policies are in line with the best interests of all the water users, be they ranchers or householders; and that at the time when the City becomes the major and eventually the only user of the water, the water and water rights are still here. This can be accomplished, at least for the next year, by any seven men who have the Water Company's best interests at heart.

Maybe during this next year we can encourage a feeling of cooperation between the two groups and have more equitable representation on future boards.

I sincerely hope that if any further action is taken by the Council, that such action is based on honest concern for the best interests of the people of Upland and on no other thought.

Sincerely,
A. M. Hawkins, Jr.,

SEVENTY FIRST YEAR — No. 2 | Upland, California | 10c PER COPY | 3 Sections | 16 Pages | Thursday, March 18, 1965

Airport, Civic Center, RR Spur Top Agenda

CLOSE BUT NO CIGAR (LUCKILY) — That was the situation Monday morning at 9th St. and Euclid Ave., site of Upland Savings & Loan construction, after workers accidentally ruptured natural gas line while digging in alley adjacent to C&O Market. Firemen, led by Chief Leon Lamphear (in background), stood by with hoses — in case fast-escaping gas became ignited — while Southern Counties Gas Co. emergency crew climbed into hole to successfully plug, then patch dangerous leak. Police blocked off 9th St. between Euclid and 1st Ave. and evacuated more than a dozen area residents for an hour during which drama unfolded.

The complexities and responsibilities of municipal government in a growing-pained community perhaps were never more underscored than Tuesday night in Upland as City Council again ran the red-taped gamut from Cable Airport to Civic Center.

Regarding Cable area interests, previously given until April to offer substantial proof of progress, Council suddenly referred the matter back to the City Planning Commission with the request that it schedule a public hearing on northwest quadrant zoning as soon as possible.

The Councilmen admitted they were impressed by "new evidence" presented by Phillip Argo, a broker for the Cable-connected Welch Development Co. Argo told Council his firm has acquired 45 key acres in the past 80 days and now has encouraging "feelers" in hand from airport-associated industries interested in development, providing suitable zoning can be retained in the Cable section.

Councilman George Gibson reported that 25 to 30 representative persons have been invited to form a Citizens' Committee to Support Upland's Civic Center Program and, in the hope that they will accept this week, predicted a first meeting before month's end.

After agreeing that the committee must do a first-class preparation job, since the Civic Center is "vital to the community," Council unanimously approved Gibson's recommendation that as much as $2,000 be spent to hire Ted B. Adsit, who successfully performed similar services in Pomona, as a special planning consultant to the committee.

A public hearing on the Santa Fe Railroad's request that a single spur franchise over Arrow Hwy., San Bernardino Rd. and 13th St. be renewed was continued until the Council meeting of April 20. It was pointed out that the Santa Fe was not represented Tuesday, "because not enough notice was given."

Peter Howarth, vice president of the Upland Home Association, also urged the continuation, stressing that "the expired franchise" is directly related to an already-approved ordinance granting an extension of the spur through Foothill Knolls. Howarth said the UHA will present a referendum opposing both spur franchises before the end of March.

Council unanimously okayed a resolution declaring the City's intention to provide proportionate funds (an estimated $244,000) for expansion of the Upland- Ontario Sewage Treatment Plant, a $1.5 million construction project which will be

(Continued On Page 6)

SIGNS OF THE TIMES — Sure, and it's Homer "O"Greear, maintenance foreman for the City Department of Public Works, making certain that the intersection pole at O'Malley and O'Neil in green ole northwest Upland is ready for St. Patrick's Day, and many days to come. A willing foil for THE NEWS' salute to an historic occasion, Greear insists it's fairly legit, since his paternal grandpappy was "as Irish as Notre Dame's backfield." Coincidentally, McNay Realtor is the appropriate new promoter of Mountview, subdivision in which O'Malley-O'Neil is located.

Federal Aid Sought By High Schools

By unanimous action of the four Board members present, Trustees of Chaffey Union High School District voted Monday night to apply for National Defense Education Act funds to upgrade the science programs at Upland and Alta Loma High Schools.

Trustee Paul Cushing, an outspoken opponent of federal subsidy requests in the past, was the only member absent from the session.

If approved by the State Department of Education, the requests will enable purchase of equipment and materials at UHS in the amount of $11,560.95 — with the District's share at $5,780.47 — and equipment at ALHS worth $2,864 — with the District's share at $1,432.

It was pointed out for the Trustees' benefit by curriculum authorities that the NDEA help would "standardize offerings in these two schools with that which is offered at Chaffey and Montclair."

In other action Monday, the Board:

* Voted unanimously to seek $28,696 in Vocational Education Act funds to enable Chaffey to offer vocational courses for terminal employment in welding, auto mechanics, drafting, graphic arts, machine shop and building construction.

* Accepted with pleasure a $400 gift from the Associated Student Body Student Council of ALHS to be used for construction of a much-needed trophy case at the school, which has been collecting awards at a rapid rate.

* Requested that the County Counsel's Office remove the San Antonio Water Co. as a defendant in the suit to acquire the Downey property for a high school site in north Upland.

Rally 'Round The Noise, Boys!

STOP (Students to Operate Peacefully) got started Monday at Chaffey College, but, if the 18 placard-carrying youths who demonstrated at the Campus Center converted anyone to their cause, the number of sympathizers was few.

Only 200 of a daytime enrollment of 2,500 turned out to watch the proceedings and many of these—the so-called "unorganized opposition" — jeered the "peace rally" performers.

The signs read "Get Out of Viet Nam" and the five students who mustered the demonstrators spoke on the same theme. They attempted, in their brief talks, to draw a correlation between Viet Nam and Selma, Ala.

Other than the good-natured "Bronx cheers," there were no indications of trouble between the placard-bearers and the spectators.

A spokesman for the college, which issued a statement proclaiming that "this student activity does not reflect the official position of the college or of the student body," said he felt the rally set an example of a "well-behaved, orderly and democratic" voicing of opinion not evident on many other college campuses.

The spokesman said Chaffey seeks "to provide the community with an open forum." He called the student rally "a good case in point."

U.S. Jurist To Speak

U. S. Supreme Court Justice William O. Douglas will come to Upland Saturday, March 20, to address a convention of the American Friends Service Committee at Mont Vista Lodge.

Douglas will speak on "The Individual and the Crowd" at a 1 p.m. session, according to Bert Stern, co-owner of the lodge at 2426 N. Euclid Ave.

USC Revitalizers Reset Meeting

An important meeting of the Revitalization Committee of the Upland Shopping Center, originally set for last week, was rescheduled for 7:30 p.m. Wednesday, March 17, in the conference room of the Colonnade Building.

Bill Vallon, USC president, dispatched a bulletin Tuesday urging downtown merchants and property owners to attend the progress-aimed session. He explained that last week's meeting was cancelled due to the sudden death of the year old son of architect Bob Bready, a committee member, and extended USC condolences to the Bready family.

Valon also reported that discussions with the Santa Fe regarding proposed parking areas on A St. are progressing "quite well" and noted that the Big U sign is back in operation. He said a suggestion that the sign's reader panel's be rented to USC merchants will be considered at a forthcoming meeting.

Ontario Trustees Issue Pro, Con Arguments

Because members of the Ontario Elementary School District Board of Trustees cannot agree on unification, on which voters will cast ballots April 20, the Board has issued a statement of arguments pro and con on the subject.

Following is the official statement of the Ontario Board of Trustees.

* * *

ARGUMENTS IN FAVOR OF UNIFICATION

(1) The education of a child in our school district is neither more nor less important to this area than the education of a child in Upland, Cucamonga or Etiwanda. If this is so, then all children in the area must have equal educational opportunity and this will be achieved only if we all share equally in the costs of education.

(2) There is considerable shifting of population from one local community to another. Greater coordination is possible between these nine elementary districts; parents often discover upon moving that they must enroll their children in a school having a program markedly different from that of the former school.

(3) A single district, because of its size, will make possible an adequate number of supplementary services for some smaller elementary districts. These services, which make it possible for the classroom teacher to function more effectively, often spell the difference between a dynamic and a static educational program.

(4) If unification receives voter approval, local schools will receive an added $15 per pupil per year from the state.

(5) State officials are generally favoring larger unified districts in the total plan for California education.

AGRUMENTS AGAINST ONE DISTRICT UNIFICATION

(1) Unification of the nine elementary districts with the Chaffey High School District would reduce local control and tend to make the one large unified district less responsive to the desires of the patrons of the elementary districts. Unification would reduce the present 42 board members to only seven elected representatives of the public.

(2) Unification would compound the problem of internal communication between the large professional staff of teachers and principals. The Ontario School District alone presently has enrolled over 15,000 students in 26 schools staffed by 575 certificated employees. Conservative estimates predict approximateiy 30,000 students in the Ontario School District alone by 1980. Total unification wolld indicate an estimate of 100,000 students by 1980.

(3) Our school district would not gain any essential educational services through unification since they are already established. The smaller elementary districts are served through supplementary services offered by the county.

(4) (a) Unification offers no permanent financial advantage to Ontario School District taxpayers. The $15 per child bonus offered as a reward by the state to districts that favor unification, is fully counterbalanced to Ontario School District taxpayers by a loss of a state equalization fund that will result because of an increase in the base of our assessed valuation.

(b) Some school finance experts report that unification of districts in the state results in an avarage increase of 7% in the total cost of education.

(5) If the April 20 proposal for total unification of the entire Chaffey School District is defeated, it is possible that the Unruh bill may be amended to allow eventual unification in the Chaffey area on a smaller, cohesive two-district basis.

Supervisors Fire Blast At Jurors

SAN BERNARDINO (CNS) —Smarting from a year-long barrage of criticism from the 1964 Grand Jury, the County Board of Supervisors took jurors themselves to task in the answer the law requires the Board to make to the Grand Jury's final report.

At the head of the list, Supervisors put their answer to the jury foreman's statement it is "ridiculous" to rotate the Board chairmanship.

"The rotation of the chairmanship of Boards of Supervisors of counties occurs in nearly every county in the State on an annual basis," the answer states.

Then it adds about San Bernardino: "There is no evidence that county government has suffered. . . (it) has continued to progress and maintain its status as one of the top local government units in the state . . ."

Supervisors also rejected sharply the suggestion that Robert A. Covington, county administrative officer, is performing duties beyond the scope of his office. "The Board of Supervisors is already familiar with the duties and responsibilities of the department and has compared these with similar positions in other major counties," the answer declares.

Elsewhere in the answer, the grand jury is accused of making some interim reports "without a contact having been made by the Grand Jury committee or any member of the Grand Jury with the department concerned. As a result, such findings and recommendations are inaccurate or incomplete."

In a warning to future juries, the answer declares: "Inaccurate or only partial information results in wasted effort, misunderstanding and uneconomical expenditure of county funds."

Supervisors recently declared the 1964 Grand Jury spent 4,000 more than budgeted for it. They have agreed to sit down and discuss with the 1965 Grand Jury how better relations between the jury and the county can be established.

Conflict Ends Bessey Term In Cucamonga

Almost three weeks after the fact, the Cucamonga School District Board of Trustees has announced the resignation of Supt. Jay L. Bessey.

Mrs. Marion Pickering, chairman of the Board, declined to comment on details behind the resignation or the timing of the announcement. She would add only that Mrs. Theresa M. Stafford has been named to serve as acting district superintendent for the remainder of the academic year.

According to the Board, Bessey's resignation will become effective July 1. THE NEWS learned, however, that he has not been a part of the district's administration since Feb. 25.

Bessey, a 29-year veteran of school administrative work who took the Cucamonga superintendent's job in February 1964, attributed his sudden quitting to a conflict with teachers and a lack of support from the Board.

Apparently it was a hectic year in office, for Bessey admitted that friction was evident soon after he started the job. He said some teachers who had been with the system for as long as two decades found it difficult to make changes prescribed by him.

Mrs. Stafford has been a teacher in the district for the past 39 years.

Chamber Spokesman Would Put Squeeze On Grape Festival

A suggestion that the once-popular Cucamonga Grape and Wine Festival be squeezed out in favor of a "community get-together, not a carnival," was received with guarded enthusiasm Tuesday noon by members of the Cucamonga District Chamber of Commerce.

Meeting at the Regina Cafe in Etiwanda, the Chamber heard Bob Plamondon, chairman of the recent, successful annual C of C dinner, offer the idea, then ask for comments. "Speak up or throw me out," he urged.

Those in attendance listened with interest and indicated they had no intention of getting rid of Plamandon. Instead, they recommended that he pursue the idea and come up with more specifics at their next monthly luncheon.

Noting that last year's Cucamonga Grape and Wine Festival was something less than an artistic or financial success, Plamandon said he would prefer a "fun week end" in the summertime, when chances of bad weather would be greatly lessened.

"We could possibly block off an area of Archibald and have such events as a street dance, fashion show and pancake breakfast," Plamandon said. He suggested that the service clubs might enjoy participation, with softball games and other contests on the agenda.

Art Accamazzo, a winery operator as well as a member of the Chamber's Board of Directors, was asked to comment on the idea. "I'll reserve my final opinion," he answered, "but I had enough of the festival last year."

Buster Filpi, former Chamber president, said it might be wise not to try to pre-empt the wineries without first seeking a meeting of the minds. Others concurred, and Plamandon was asked to do a bit of research.

Filpi later told THE NEWS he would like to see a small, local affair, "perhaps developed this summer around the re-opening of Archibald Ave."

Prior to the "festival" discussion, Chamber executive secretary Bill Reckert, pinch-hitting for president Frank Penn, who was ill, said the group is now just $200 shy of the $2,000 it is collecting for Cucamonga's share of the Cucamonga-Alta Loma Economic Feasibility Study. He said the rest will be raised by month's end, insuring a grand total of $4,600 and completion of the survey.

Chamber members were reminded that another preliminary report on the study will be made at 7:30 p.m. Thursday, March 18, at a meeting sponsored by the Alta Loma Improvement Association at Alta Loma High School. Robert L. Gold, president of Gold-Thompson & Co., the firm conducting the survey, will speak.

The ALIA, in the midst of an intensive membership drive, will be on the lookout for additional dues payers at the Thursday session.

Also at that time, an explanation of "culster development" will be given by Chet Volski, head of urban planning at Cal Poly, who has been directing an ALIA move for establishment of a cluster zoning ordinance in San Bernardino County.

Reckert estimated Tuesday that the 60-day Gold-Thompson will be ready for public consideration in "about three weeks."

Also at the luncheon, Plamandon announced that 17-year-old Roberta Stanko, "Miss Cucamonga" of 1965, failed to finish in the top 10 among contestsnts in the National Orange Show Queen competition this past week. "But," he added, "she was a fine representative for us — she was chosen 'most popular' by the other 40 girls in the contest."

NEWS DEADLINE is 12 Noon Tuesday

Edison PTA Sets Fashion Show

On Thursday, March 18, at 7:30 p.m., the Edison School PTA will hold its annual fashion show.

Fashions for all ages will be featured, and all the ensembles will represent the creative efforts of the association members.

Mrs. George Vinnedge will commentate the show. Chairman for the event is Mrs. Marie Eckstein.

NEWS Editor Wins Awards In Arizona

The fast-breaking story of a Tucson man who strangled his wife and two children, then tried unsuccessfully to kill himself, has won top honors for Ace Bushnell, managing editor of THE NEWS, in this year's Arizona Press Club awards contest.

Bushnell, a staff writer for the Tucson Daily Citizen until moving to California last fall, earned the "outstanding news reporting" prize in a joint entry submitted with Steve Emerine, still a Citizen staffer.

The Bushnell-Emerine team combined on the front page "banner" story last April. Bushnell went to the scene of the triple homicide, collected facts in a hurry and phoned them into Emerine from a corner pay booth.

Only 90 minutes elapsed from the time Tucson police first learned of the tragedy until the Citizen had a two-column story, with photos, in print.

Bushnell also won the "best brite" category for a short anecdote about the Tucson minister who fired some shots at a prowler last year. He was the only double winner from the Citizen, which netted nine of the 20 awards given.

THE NEWS' managing editor last week end went to Phoenix, where the awards were presented at an annual banquet of the APC.

PANCAKE POW-WOW! The tasty flapjacks won't be wearing feathers (the hostesses will) and the "fire water" will taste like coffee from 8 a.m. to noon Sunday, March 21, when Bethel No. 287, International Order of Job's Daughters, holds its semi-annual breakfast at the Upland Masonic Hall, 611 N. 3rd Ave. That's the guarantee of Miss Julie Potts (left), Bethel guide and breakfast chairman, and Miss Ruth Wayne, marshal, who will supervise the festivities, assisted by their parents, Mr. and Mrs. James E. Potts and Mr. and Mrs. Robert S. Wayne. Honored Queen Lynne Dunston and her mother, Mrs. William Dunston, will greet guests. The public is invited and may purchase tickets at the door.

UPLAND CITY ENGINEER Fred Blanchard explains to PTA safety chairmen how suggested walking routes to and from schools have been superimposed on 4,400 municipal maps, now being distributed throughout the Upland Elementary School District by the School Traffic Safety Committee. Attentive listeners include (left to right) Mrs. Bill Trueblood, Upland Elementary School; Mrs. Clifton Sanborn, Magnolia; Mrs. James Morton Jr., Sierra Vista; Mrs. Theodore Vlahos, Baldy View; and Mrs. Stanley Sharp, Citrus.

Safe Walking Routes For Children Mapped By School Safety Committee

The second major project of the Upland School Traffic Safety Committee is now under way.

Approximately 4,400 maps (14" x 17") will be distributed to kindergarten and elementary classes in the Upland Elementary School District during the month of March.

The maps, with a school route plan superimposed on them, will show the safest routes to be followed by children walking to and from school.

A seminar for PTA safety chairmen was held six weeks ago, with Mrs. Michael Morgan, chairman of STSC, instructing the mothers in details regarding a separate study of each school involved in the safe walking project.

Fred Blanchard, City Engineer of Upland, led the seminar discussions and set forth specifications for properly listing the walking routes. The plan consists of a simple map showing streets, the school, existing traffic controls and the suggested school routes to be used by children marked with arrows.

On completion of the study of the entire school district, the PTA safety chairmen returned their written findings to the School Traffic Safety Committee for official adoption of the plan.

In general, the school route walking plan is designed to provide a maximum of protection for the children at a minimum of cost to the taxpayer (approximately two cents a map).

Vern Orum, Deputy Superintendent of the Upland School District and member of STSC, pointed out the need to revise the maps yearly if school boundaries should be revised or changed.

Mrs. Morgan suggested that parents actually go over the route with their children, answering any questions they may have concerning their route to school (pointing out such traffic control features as crossing guards, signals, etc.).

Orum added, "It would be desirable to have parents sign and return to the schools a statement indicating they have instructed the child on the use of the appropriate school route."

Detective T. D. Smith, Upland Police Department and an STSC member, suggested volunteer mothers occasionally walk the school routes for the purpose of recording such conditions as unsafe activities of school children failing to use the routes, improper driving practices of parents, the need for enforcement to deter speeding and the repainting of pavement markings.

Additional members of the School Traffic Safety Committee are James H. Smith, Harvey Shirk, Blanchard and Police Chief John Wessely.

Bank Of America Honors 23 UHS, ALHS Students

Bank of America certificate awards and engraved trophy awards went to 23 students at Upland and Alta Loma High Schools this week.

The awards are the first round of the bank's Achievement Award Program.

Some of the top winners will go to zone competition in April, when areawide winners will be determined by a judging panel of community leaders who listen to the students in group discussions of subjects related to their fields.

The first place winners will go on to the finals in May, when they will receive at least $150 and may win one of the top $1,000 awards.

Certificate award - winning seniors from Upland High are Robert Likins, mathematics; David Chapin, laboratory science; Dennis Pond, music; Earlene Jenkins, art; Robert Smith, English; Robert Lindboe, social science; Judith Defibaugh, business; and Suzanne Angel, home economics (all from Upland); and Susie Clapp, foreign languages (Cucamonga).

Engraved trophy award winners from UHS are Thomas Orum, science and mathematics; Connie Engle, fine arts; Ann Turner, liberal arts; and Diane Kirkland, vocational arts (all of Upland).

Certificate award winners from Alta Loma High are John Morris, mathematics; David Bentley, laboratory science; Janice DuBois, English; and Madelenna Torrez, business (all of Cucamonga); Mary Conant, social science; and Gloria Salmon, home economics (both of Etiwanda); and Larry Jones, art (Alta Loma).

Engraved trophy award winners from ALH are Larry Rempel, science and mathematics (Alta Loma); Kathryn Whittaker, fine arts (Cucamonga); and Susan Chojnacki, vocational arts (Alta Loma).

Awards are presented annually for outstanding scholarship, leadership and promise of future success and service to community.

Cash awards to Southern California students this year will total $53,900. Almost 3,000 students will receive certificates and more than 1,000 will receive engraved trophies. The 372 cash award winners will take home checks for from $25 to $1,000.

The awards program is statewide, with identical awards presented in nine geographical divisions. Total cash awards for the entire State this year will be $98,100.

Alta Loma Zone Change Affects 50-Acre Site

SAN BERNARDINO (CNS) —A zone change to allow residential development of more than 50 acres at the northeast corner of Highland and Haven Aves., Alta Loma, was approved Thursday by the County Planning Commission.

The action will have to be confirmed by the County Board of Supervisors, and the Commission voted to hold up sending the zone change to Supervisors until a development plan has been filed.

The applicant was Beckman Associates, and the change of zone, from use for single family dwellings, has been before the Commission for a number of months.

Neil G. Pfulb, county planning director, suggested Thursday that a decision again be delayed, but Jack N. Sowers, engineer for the applicant, said his client should know how the Commission felt about dividing the area for single family homes and apartments, so that plans could be prepared for a subdivision map.

Sowers proposed that all the property between the proposed freeway and a frontage road be zoned for apartments. He said that single family dwellings across the frontage road would not be affected, as most outdoor living in the area is down in backyard patios.

In addition, there would be a strip of zoning for apartments across the frontage road along Haven Ave.

Pfulb said the front of single family dwellings was affected by apartments, so Sowers agreed to a strip of zoning for single family dwellings, one lot deep, on the south side of the frontage road.

The design for the subdivision is to be submitted to meet this agreement. Commissioners were told the zoning conforms to the Chaffey College area master plan.

Chaffey Picks O-U Realtors

Twelve representatives of four boards of realtors have been appointed members of the Chaffey College Real Estate Education Advisory Committee.

The new members include from Ontario-Upland — Mrs. Rosalie Kamansky, board president; Elvin E. Ades, vice president; George L. Brannan, past president, and Mrs. Betty McNay, education committee chairman.

The advisory committee counsels the college of real estate curriculum and recommends instructors for this field, said Rex W. Wignall, Chaffey director.

NOTICE OF TRUSTEE'S SALE
No. TS-192

On April 13, 1965, at 1:00 o'clock P.M., at 1739 "D" Street in the City of San Bernardino, California, the undersigned, SHOESHONE SERVICE CORPORATION, as Trustee under the deed of trust made by John R. Bell and Jo Ann Bell, husband and wife and recorded March 4, 1964, as Document No. 312 in Book 6101 Page 331 of Official Records of San Bernardino County, California, given to secure an indebtedness in favor of Harry Callaway and Elizabeth J. Callaway, husband and wife as joint tenants, now owned and held by same, by reason of the breach of certain obligations secured thereby, notice of which was recorded December 15, 1964, as Document No. 95 in Book 6292 Page 574 of said Official Records, San Bernardino SHOSHONE SERVICE CORPORATION will sell at public auction to the highest bidder for cash, payable in lawful money of the United States at the time of sale, without warranty as to title, possession or encumbrances, the interest conveyed to and now held by said Trustee under said deed of trust, in and to the following described property, to-wit:

Lot 15, Tract No. 5628, as per plat recorded in Book 69 of Maps, Pages 60 and 61, records of said County,

for the purpose of paying obligations secured by said deed including fees, charges and expenses of the Trustee, advances, if any, under the terms of said deed, interest thereon and $4,000.00 in unpaid principal of the note secured by said deed, with interst thereon from March 4, 1964, as in said note and by law provided.

Red Cross Funds Now Being Sought

A drive for members and funds is being conducted by the Upland Chapter of the American Red Cross during the month of March, which has been declared to be Red Cross Month by President Lyndon B. Johnson.

Young Volunteens in uniform, who are members of the Red Cross Youth Services program, are calling at residences in the communities serviced by the Upland Chapter. These include Upland, Cucamonga, Alta Loma, Etiwanda and Mt. Baldy.

Although the Chapter is a member of the West End United Fund, it was allocated only 70% of its budget by the Fund. Therefore, to meet the ever-increasing demand for services and programs in the growing communities of the area, the supplemental appeal is necessary.

HERNANDEZ BOY

Mr. and Mrs. Manuel S. Hernandez, 10278 24th St., Cucamonga, became the parents of a son at 4:03 p.m., March 10 at San Antonio Community Hospital.

Ticktockers Plans Vary For Saturday

Miss Deborah McCutcheon will be hostess for the fifth and sixth grade Ticktockers at 219 E. J St., Ontario, with Kimberly Tomlinson and Sari Gacsaly as co-hostesses at 10 a.m. Satuday, March 20.

Program: "Poise and Grooming." Workshop: musical instruments for Ontario-Pomona Association for Retarded Children.

The home of Vicki Leman, 866 N. 2nd Ave., Upland, will be the meeting place of seventh grade Ticktockers, with Mary Hamilton and Victoria DuVall as co-hostesses at 10 a.m. Saturday.

Review of poise and grooming and making Easter favors for San Antonio Community Hospital will be the topic of their meeting.

Eighth grade Ticktockers will meet at the home of Gail DeCarli, 693 N. 2nd Ave., Upland, also at 10 a.m. March 20, with Pamela Casey and Barbara Carr as co-hostesses. They, too, will make Easter favors and review poise and grooming.

Miss Donna Walke's home at 430 W. 25th St., Upland, will be the meeting place of the ninth grade Ticktockers, with Janice Gibson and Patti Townley as co-hostesses. These girls will go to the Good Samaritan Retirement Home in Corona and entertain and assist the residents there.

Tenth grade Ticktockers will meet at the home of Deborah Hafer, 191 Penfield, Pomona, with Gloria Colombero and Marianne Michael as co-hostesses, for a review of poise and grooming and making Easter mats for the OPARC.

A theatre party to see "The Greatest Story Ever Told" will be on the agenda for the 11th grade Ticktockers, when they meet at the home of Patricia Gibson, 1480 N. Euclid Ave., Upland, with Kathy Brewer and Frances Goss as co-hostesses. Their musical instruments for OPARC will be due then.

The twelfth grade Ticktockers will meet as a group for the last time this year at the home of Jan Shadoff, 3061 Roycove Dr., Covina, with Connie Roberts and Robin Ross as co-hostesses. They will have an art program and all their philanthrophy projects will be due at this time.

All Ticktockers will meet on this day for the last time this year in their group meetings, as the Mother - Daughter Luncheon will be in April and the Presentation Tea will be in May, with the End of the Rainbow Luncheon the last affair for the 11th and 12th grades.

Cucamonga Lions Win $600 Prize

The Cucamonga District Lions Club was awarded a first place this week for its citrus display at the 50th National Orange Show in San Bernardino.

The Lions won $600 for their display following this year's show theme, "The Fabulous 50th." The display is made of oranges, citrus fruits, flowers and mechanical figures.

More than $15,000 in prize money was distributed to 29 Southland organizations winning prizes at the show.

'Imaginary' Trip Reality Is How To Fold A Map

Practical experience in planning an auto trip was the goal of a recent project in Alta Loma High School's freshman introduction to business classes.

After orientation on reading a road map, the students planned a 10-day trip to Northern California, returning by a different route. The students kept a day-by-day log, figuring mileage, costs of food and lodging and gasoline.

Motel directories were used, to give the youngsters actual facts on overnight accommodations. Research was done individually on points of interest along the way.

When the imaginary trip was completed, the students totaled expenses and evaluated the results.

Gilbert Extale and Jerry Pomije, teachers, said the project gave the students an opportunity to use their mathematics training, their knowledge of geography, their skill in research, and, of some importance—a knowledge of how to fold a road map.

LOOKING INTO FUTURE, as the Chaffey Community Federation of Republican Women prepares for its annual fund-raising event of the year, is Mrs. Robert Lawson of Upland. "Fashion Forecast" is the theme for the 1965 Fashion Show and Tea, scheduled for 2:30 p.m. Wednesday, March 31, at Buffum's in Pomona. The incomparable John Hersey again will commentate. Mrs. Charles Van Treese, general chairman, has announced that tickets are now available and may be obtained by calling Mrs. Harry Claeyssens (YU 6-5647) or Mrs. David Pritchett (YU 4-4042).

American Legion Now Going Strong

There's new life at American Legion Post 73's club house, E. Arrow Hwy. near N. Grove Ave., where things were dormant for many months.

According to Larry Page, Post commander, a new manager — Glenn Landis — has been hired and the club house now is open daily from noon until 2 a.m.

The latest special attraction, Page said, is a $1 fish fry from 6:30 to 8:30 p.m. each Friday. Bob Wagner serves as chief cook and bottle-washer for these weekly affairs, he added.

3-Day Sale Being Held By Scouts

The Parents' Committee of Senior Girl Scout Troop No. 1002 of the Girl Scout Council of East San Gabriel Valley is planning a Rummage Sale to be held Thursday, Friday and Saturday, March 18, 19 and 20, at the Oasis Youth Center Building, 101 E. Transit, Ontario.

It will take place from 9 a.m. until 5 p.m. Thursday and Friday and will last from 9 a.m. until noon Saturday.

According to Mrs. Lloyd Jones, "This Senior Troop, composed of girls from Chaffey, Upland and Alta Loma High Schools, voted to work toward a trip during Easter vacation of 1966 — their senior year in high school and also the last year they would be eligible for active Girl Scouting — culminating nine or 10 years of Scouting for all in the Troop.

The Troop is sponsored by the Soroptimist Club of Ontario and is under the leadership of Mrs. Walter Stewart, Mrs. Cory Aylor and Mrs. Bruce Owens.

'ELEPHANTS' NEEDED

Mrs. Ernest Carlson, hostess, has reminded members of the Grand Capers Grandmothers Club to bring "white elephants" for the "blind auction" scheduled for 1 p.m. Thursday, March 18, at Los Olivos House, 1200 N. Campus Ave., Upland.

Patronesses To Hear College Dean

Wesley L. Harmon, registrar and dean of admissions of Chaffey College, will speak to the Patronesses of the National Charity League, Inc., Foothill Chapter, at noon Thursday, March 18, at their luncheon meeting at the Stuft Shirt restaurant.

Harmon has been with the Chaffey College Guidance Department for 18 years, and previously was dean of Hollister Junior College. Although he was a music and social science major, he has spent most of his time in guidance work.

Preceding the general membership meeting, a board meeting will be held in the Uplander, Valley Host Room, at 10:30 a.m., Mrs. Robert Williamson, presiding.

DUTIES OF VARIOUS OFFICES of the Foothill Council PTA were explained last Thursday by Mrs. Frank Kadunc, who installed these 1965-66 leaders (left to right): Mrs. Briscoe Root, president; Mrs. J. W. Masters, vice president; Mrs. Ray Rietkerk, secretary; Mrs. Dwight Bert, historian; Mrs. Eugene Daily, auditor; and Mrs. Jess Wise, parliamentarian. Absent was Mrs. Boris Cherbak, the Council's new treasurer.

Foothill Council PTA Installs New Officers For Coming Year

The March meeting of the Foothill Council PTA was opened with the pledge of allegiance, led by Mrs. Harry Dier.

Mrs. Joe Voss gave this thought: "Before you became an active member in PTA, Scouting or other youth groups your home was spotless. With the acceptance of responsibility the dust collects for a short time (did you know that the average family enjoys it?). After the enjoyable but difficult task is accomplished, the home is again dust-free."

Mrs. Milton Fisher, Foothill Council president announced that the Council will be hostess for an all-day Parent-Teacher-Information Course on Tuesday, April 27, which Fifth District, C.C.P.T., will conduct at Upland Elementary School auditorium.

Mrs. Dale Genung, Council magazine chairman, had the pleasure of presenting Fifth District magazine awards to the following PTA units: Alta Loma Elementary, Alta Loma High School, Citrus, Cucamonga Junior High and Pioneer Junior High.

The Magazine Luncheon for San Bernardino County will be held at Green Tree Inn in Victorville April 28.

Using the symbol of a key, Mrs. Frank Kadunc, past president of Council, opened the door of knowledge by explaining the duties of officers who will guide Council for 1965-66.

She installed Mrs. Briscoe Root, president; Mrs. J. W. Masters, vice-president; Mrs. Ray Rietkerk, secretary; Mrs. Boris Cherbak, treasurer; Mrs. Dwight Bert, historian; Mrs. Eugene Daily, auditor and Mrs. Jesse Wise, parliamentarian.

Mrs. Thomas Lees, hospitality chairman, greeted the members at a delightful luncheon following the business meeting.

GAVEL-MINDED TRIO includes (left to right) Mrs. Ray Stansbury, recently-elected president of Carnelian School PTA; Mrs. J. W. Masters, outgoing president of the Alta Loma Elementary School PTA who Tuesday night was chosen to lead the PTA of the soon-to-be-built Alta Loma Junior High; and Mrs. Lawrence Ornelas, newly-elected president of the elementary school group.

BPW SCHOLARSHIP AWARD was presented last Thursday by Mrs. Zella H. Stone (left), past State president, to Miss Barbara Carol Brennan, a graduate of Montclair High School who is majoring in Spanish and Fench as a freshman at Chaffey College. Miss Rosemarion Cunningham (right), chairman of the organization's personal development committee, supervised selection of the winner.

Upland BPW Club Salutes Working Women, Presents Scholarship To Chaffey Freshman

Members and guests of the Upland Business and Professional Women's Club met at the Upland Woman's Club last Thursday to celebrate the 37th annual observance of National Business Women's Week.

The 1965 theme was "Springtime Salute To Women Who Work."

The meeting was called to order by Mrs. Bernice Weatherhead, club president, and the inspirational thought was given by Mrs. Ted Ghan, followed by the pledge of allegiance, led by Miss Irene Walker.

The Francis Ave. Singers, directed by Garland Rogers, presented a delightful musical program. Mrs. Elbert P. Harris accompanied the group at the piano. Miss Gladys Claypool introduced the group of vocalists, composed of residents of Francis Ave. who have joined together because of their mutual interest in music.

Miss Barbara Carol Brennan, Chaffey College freshman, daughter of Mr. and Mrs. Leo William Brennan, 1516 Bonnie Brae Ct., Ontario, was presented with a $100 scholarship award in memory of Una R. Winter.

The presentation was made by Mrs. Zella H. Stone, past State BPW president, who told of the great influence for good derived by members of the Upland BPW Club from their esteemed member, Una R. Winter, who was not only a leader herself but one who did much to encourage and develop other leaders.

Guest speaker of the evening was Dr. Pearl Clark, San Orco District chairman of personal development and member of the Upland College faculty. Dr. Clark shared some of the "new experiences" she has enjoyed through travel to points nearby as well as worldwide. She was introduced by Miss Rosemarion Cunningham, personal development chairman.

Mrs. Jesse France, chairman of the nominating committee, announced the following slate of officers, nominated for the ensuing year:

President, Mrs. Rubie Rowland; first vice president, Miss Carol Johnson; second vice president, Mrs. Robert Conway; recording secretary, Mrs. Jay Thrasher; corresponding secretary, Mrs. Ruth Ennis; and treasurer, Mrs. Althea Correll.

Announcement was made that the annual convention of the San Orco District California Federation of BPW Clubs, had been changed and will take place at the Green Tree Inn, Victorville, May 1 and 2.

Helen Carson, world affairs chairman, announced that Ernest Kirkland, who has served with the Peace Corps in Borneo, will be the speaker at the April 8 meeting.

The Board of Directors will meet at the home of Mrs. Merle Rash on Thursday, March 25. Plans were completed for a number of members to attend the Lawrence Welk Show on Saturday, March 20. Reservations for this event are being taken by Mrs. Rowland.

Other members of the personal development committee assisting Miss Cunningham with the evening's program were: Miss Lois Brown, Miss Gladys Claypool, Mrs. Effie Hood, Miss Walker and Mrs. Ghan. The closing collect was read by Mrs. France.

Philharmonic Dinner Held

The annual dinner meeting of the Foothill Philharmonic Committee was held Sunday at the home of Mrs. J. Awdry Armstrong, 307 W. 6th St., Ontario.

Members, their husbands and guests gathered for a program presented by Richard Collins, Ph. D., assistant professor of music at Scripps College.

His program consisted of a comparison of classical music and the new jazz, illustrated on the piano.

Alta Loma PTA Installs Officers For '65

Highlighting the Alta Loma PTA meeting last week was the installation of new officers.

Mrs. J. W. Masters, outgoing president, turned the meeting over to incoming president Mrs. Lawrence Ornelas and the other new officers: Mrs. Clarke Boesen, first vice president; Mrs. Donald Helms, second vice president; Mrs. Donald Dixon, secretary; Mrs. Rex Fritchey, treasurer; Mrs. Gilbert Wells, historian; and Mrs. David Selby, parliamentarian.

Board members include: Mrs. Eugene Billings, welfare; Mrs. Millard Herr, child health; Mrs. Al Ledesma and Mrs. Betzler, membership; Mrs. Charles Jackson, room representative; Mrs. Marvin Brandt, budget and finance; Mrs. Walter Gustafson, publicity; Mrs. Elvera Schmutz, program booklet; Mrs. Kilzer, parent education; Mrs. Gerald Bell, hospitality; Mrs. Timothy Osuna and Mrs. T. H. Reaves, newsletter; Mrs. John Hargreave, legislation; Mrs. Albert Bangle, honorary life; Mrs. Stephen Butters, audio visual and magazine; Mrs. Margaret Ramirez, well baby clinic; Mrs. Shurte, character education; Mrs. Tom Brown, juvenile protection; and Mrs. Marcy, telephone.

Honored guests at this annual Founder's Day celebration were: Mrs. I. H. Habegger, charter member, and Mmes. Arthur Allen, Melvin Smith, Don Quashnick, Phil Schmutz, Millard Herr and J. W. Masters, past presidents.

Brownie Troop No. 1052, led by Mrs. James Hayden, presented the colors and led the flag salute.

Included in the entertainment was a fashion show, with children and mothers modeling self-fashioned outfits, and a musical selection, "Where The River Shannon Flows," was sung by Mrs. Wimer williams, accompanied by Mrs. Jack Whitney at the piano.

Refreshments were served by Mrs. Roger Henshaw, Mrs. Gerald Bell, Mrs. Charles Jackson, Mrs. John Stephens, Mrs. Anthony Feld, Mrs. James Glover, Mrs. Charles Wyant and Mrs. Thomas Lees, hospitality chairman.

An Evening Of Fun At ALHS

Members and guests of the Alta Loma High School Parent-Teacher Association last Thursday enjoyed an evening of card playing and refreshments.

Mrs. Lloyd Michael, president of the association, with Mrs. Norman Hixon and Mrs. Jack Whitney, hospitality chairmen, greeted guests and members as they arrived.

Mrs. James Connolly, finance and budget chairman, was general chairman for the affair, assisted by Mrs. Secondo Colombero and Mrs. Mabel Redner on the tickets. Mrs. Patton Lewis, Mrs. Roy Haigh and Mrs. Marguerite Stewart also assisted in planning and working on the committee.

Larry Heacock, student from ALHS, entertained the group with guitar music and folk songs.

The Keyettes, a service group of girls from ALHS, assisted by serving coffee and clearing tables. Desserts were furnished by parents of the students, Mrs. H. L. Archibald being responsible.

Door prize chairman was Mrs. Tom Dugan. The prizes were presented by Hison, who announced the lucky numbers with seven happy ladies being the recipients.

HERE'S A LUCKY NUMBER — one of seven — being drawn during last Thursday's PTA card party at Alta Loma High School. Mrs. Lloyd Michael (center), association president, supervises as Mrs. James Connolly holds the drawing bowl for Mrs. Patton Lewis.

Patronesses Plan Buffet Supper

A buffet supper is being planned for National Charity League, Inc., Patronesses and their husbands at the home of Dr. and Mrs. Robert Williamson, 219 E. 6th St., Ontario, at 6:20 p.m. Saturday, March 20.

Mrs. George Yetter, chairman of the event, and members of her committee, Mmes. Thomas Hinman, Andrew Penque, Robert Martin and Edward Duffy, are working out the details for a delightfully entertaining evening.

... probable starting lineup for the Pomona game will be LaFond pitching and Dean Harmon as his battery mate, Drew McGinnis on first, Tom Orum at second, Steve Harmon at short and Don Wilcox at third. Either Fred Schidgall or Ed Orum will start in left, Bill Talley in center and Andazola in right.

Last week, the Highlanders split a pair of games. On March 9, they traveled to Alta Loma for a district rivalry "must" game. Upland won by a score of 6-3. Three runs for the Highlanders came in the first inning when Upland combined an error and three straight singles for the score.

Three more runs scored in the fifth inning when Upland combined one hit and three errors to good use to clinch the victory.

Alta Loma came back with a run in the bottom of the fifth, but the big blow came in the seventh, when Bob Perry belted a two-run home run off LaFond into deep left field.

On Friday, the Highlanders traveled to La Puente and were allowed only two hits in being blanked, 3.1. A double and triple by the La Puente clean-up man did the damage as he drove in all three runs.

LUCKY 13th

Mr. and Mrs. Richard Bryan, 8531 18th St., Alta Loma, became the parents of twins March 13 at San Antonio Community Hospital, a baby boy arriving at 7:23 a.m. and a baby girl following six minutes later.

Pianist Rosen Gives Concert This Thursday

The fourth concert of the 1964-65 season of the Upland-Ontario Community Concert Association will be held at 8:15 p.m. Friday, March 19, in the Gardiner W. Spring auditorium, Ontario.

Charles Rosen, gifted American pianist, will present the program.

Rosen, with M. A. and Ph.D. degrees in French literature, is a former professor of humanities at M. I. T. He attended Julliard School of Music for five years and became a student of the late great pianist Morist Rosenthal, and worked in composition and theory with Karl Weigl.

In spite of his academic training and laurels, Rosen's primary goal has been a musical career. His performances are superb; he plays with precision and musical vitality. He is stimulating and brilliant.

Rosen has given numerous recitals in Europe and America, and has appeared with orchestras both in Europe and America.

He has also won plaudits for his recordings of outstanding works by Haydn, Mozart, Brahms, Poulenc, and of the contemporary masters — Stravinsky, Schoenberg and Elliot Carter, which reveals an almost paradoxical affinity for both the Romanticists and the Moderns.

Little League Tryouts Slated

Tryouts for the Upland National Little League will be held at 10 a.m. Saturdays, March 20 and 27, at Guy Warder Field, 8th and Campus.

Official registration cards will be available at the field and also at Dier's Shoe Store. Boys from nine to 12 residing within the following boundaries are eligible: south to Santa Fe tracks, west to Euclid Ave., north to Foothill Blvd. and east to 5th Ave; north of 5th Ave. to 13th St., east on 13th to Campus Ave., north on Campus to 16th St., and east on 16th to Grove Ave.

The 1965 season, opening May 8, will have eight competing teams in the National Little League for Upland. As the new team is as yet not sponsored, prospective sponsors are invited to call Ernest Asebedo (YU 2-5626) for information.

Also in need of volunteer umpires, the league will hold umpire meetings at the Upland Lumber Co. on April 8, 15, 20 and 27.

But Winter Was Fine

Braves And Weather Having Tough Time

By TOM ABBOTT

The weather put a damper on the AL sports scene last week, but the track and baseball managed to get one encounter each under the storms.

The Highlanders' baseball team from Upland jumped out to a 3-0 lead in the first frame March 9 and never relinquished the lead as they went on to outscore the Braves, 6 to 3.

Alta Loma outhit the visitors, eight to five, but errors in the field and on the basepaths were the deciding factors in the UHS triumph.

The Highlanders stretched their lead to 6-0 in the top of the fifth inning on a single, walk, stolen base and two Brave errors. Alta Loma tallied its initial run in the bottom half of the frame as Phil Lujan and Larry Rempel pulled a double steal, with Rempel coming across with the run.

The Braves scored their final two runs in the bottom of the seventh inning on a two-run homer by pinch-hitter Bob Perry. Mike Stevens singled to start off the inning and Perry then connected for the circuit blast with one down.

Threatening skies and cold weather slowed down both the Corona and Alta Loma track runners, but the meet was not decided until the final relay event of the day, with the Panthers leading 55 to 52. Corona won handly by 10 yards over the visitors to ice a 60 to 52 triumph.

Rich Bare proved to be the big runner of the day as he captured the high hurdles, low hurdles and the long jump for the second time this season. He and Don Hadley finished one-two in the 120 HH, with Rich taking the event in 15.7. Don again finished behind Bard in the 120 low hurdles, with Rich clocking a winning time of 13.8.

Russ Whitney was a double winner in the 100 and 220, being clocked in the times of 10.7 and 23.3. Whitney then threw the shotput 44'2" to garner a second place.

Ray Romo captured a first and two seconds in the B division as he and his teammates suffered a 69 to 23 defeat to the Panthers.

Rocky Long led the C squad to a 51 to 34 triumph as he won first place in the shot, was second in the 120 low hurdles and finished third in the high jump.

Fred Wilding and Ron Rassmussen walked away with all the hardware at the second annual Winter Sports Awards Night last week. The Booster Club of Alta Loma High School honored the athletes of basketball and wrestling.

Master of Ceremonies for the event was principal Burt Wiley.

Wilding was selected as the varsity basketball team's captain at the beginning of the season and, at the end of the campaign, his Inland League championship teammates selected him as their "most valuable player" for 1964-65.

Fred also was acclaimed AL basketball's best free throw percentage shooter during the past year. His leadership, brains and "just plain Fred" will be sorely missed next year.

Each member of the squad received Inland League trophies and patches for winning their second consecutive Inland League title. Fred, Inland League scoring leader Andy Arner and last year's MVP Steve Kokor were unanimous selections to the All-Inland League squad for 1965.

Coach Jerry Pomije presented awards to the JV and varsity wrestling squads of 1965. Rassmussen was chosen by his teammates as the "most valuable wrestler" of the '65 campaign.

Besides this, Ron also walked away with the high point trophy for the season. Ervin Lamb and Eugene Martinez were selected as co-captains for the second consecutive year.

Pomije said, "We'll take league next year." There seems to be much truth behind this statement as Pomije has the likes of Rassmussen, Eric Callow, Bob Gallardo and Doug Watford returning in '66.

Coach Harley Lovitt lettered nine men on the C team this year, with the squad selecting Manuel Parada as their "most valuable player" and Long as captain. The C team finished out the season with a 12 and 7 mark.

Coach Bears of the B team presented MVP and captain plaques to the Sedlock brothers, with Art being the "most valuable player" and John the captain.

Coach Ray Plutko lettered five men on the JV team this year who also played on the Varsity team during the past season.

Both Coach Pomije and Coach Gus Rischer of the varsity cagers were very appreciative of the support given by this year's Pep Squad. Pep commissioner Peggy Haigh has done a terrific job with Roberta Stanko, Linda Thacker, Cheryl Williams, Pam Conner, Sherry Fuches, Winnie Perry, Gloria Schneider, Linda Webb, and Lucy Chambers during the past year.

They have given both the basketball and wrestling teams their full support and, from their efforts, Alta Loma's school spirit has risen to a peak in 1965.

The Highlanders finished first in Divisions A, B and C and won the sweepstakes trophy for the third straight year. With medals being given for the first three places

Finest Victory For Upland Spikers As They Sweep Palmdale Relays

The Upland High School track team swept to its finest victory Saturday in winning the seventh annual Palmdale Relays.

in each event. Upland garnered a total of 57.

Keith Zavitz led the way in the varsity with a record heave of 52'11" in the shotput and a first place in the discus at 131' 10". Bob Walton finished second in the high jump at 6'.

In the pole vault, Bob Gillham added another record to his collection, vaulting 12'2". Varsity competitors adding to the point totals were Jim Smith, Mike Cox, Mike Eastin, Bob Eckhardt, Bill Nare, Ted Thrasher, Mike Magruder, Lynn Kawecki, Bob Lindboe, Greg Shepherd and Ken Whitten.

In the nine-team event, Upland topped runner-up Victor Valley, 32-31.

The B-weights were led by Tom Shoji, who garnered four gold medals and Kert Tibbetts and Fred Kamansky, who brought home three each. Shoji set meet records in the high jump and long jump and teamed up with Kamansky, Tibbetts and Rusty Stiffler to set a new meet record in the 660 relay, and also win the 440 relay.

The spring medley team of Kamansky, Tibbets, Johnny Miranda and Rick Adams also won their event. Mike Jaeger chipped in with thirds in the long jump and pole vault. The B's topped their closest rival, Palmdale, by a score of 33-27 to earn their trophy.

The C's dominated their division, winning 51-22. John Wightman set a new meet record in the high jump. The eight-man relay team of Jerry Morris, Tom O'Haver, Roger Vignocchi, Tom Harteis, Bob Andrade, Bob Gin, David Goldhamer and Art Yanamura set a meet record in 1:36.8.

Another first was taken in the sprint medley by Morris, Yanamura, Gin and Andrade. Goldhamer also won the shot and discus.

David Garcia was second in the shot and Vognocchi a third in the discus. David Beardslee added a second in the pole vault and Wightman a fourth, while O'Haver took second in the high jump.

Sweepstakes totals: Upland 123, Victor Valley 72, Antelope Valley 66, Palmdale 56, Nogales 44, Barstow 40, Burroughs, 15, Quartz Hill 14, Kennedy 2.

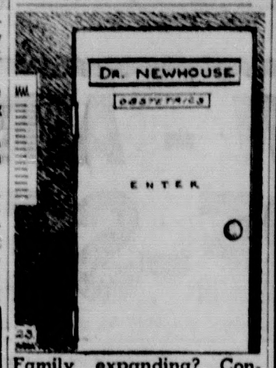

* * *

Last Thursday, the varsity track team swamped Chino, 92-20. Outstanding performances were turned in by Smith, who clocked the 100 in 9.8 and the 220 in 21.6, and Rick Adams, who set a school record of 4:34.6 in the mile.

Nare lowered his record in the two-mile to 10:25.7. Zavitz won the shot at 52'11". Walton and Ken Wilcox both jumped 6' 1/4" in the high jump. Cox chipped in with a double in the two hurdle events.

The Chino B's dealt Upland their only loss, 55-40, while the C's remained undefeated, 56-25.

This Thursday, Upland plays host to Pomona in a meet which could decide the championship of the San Antonio League.

Tartan Tales

from Upland High

By Jingle Martz

DONKEY BASKETBALL

Donkeys are coming! Donkeys are coming! Donkeys are coming tonight (Wednesday)!

Tonight at 6:30 at the Highlander gym, the donkey basketball games will start rolling with a preliminary game between the Juniors and Seniors.

The battle royal will begin at 8 p.m. This main event will pit the lowly students against the lordly faculty.

A hint to the wise is sufficient — come early to get a seat. The audience will be limited to the capacity of the gym — so-o-o-o.

The faculty, shooting for a win, will be Misses Hennigar, Snell and Carlisle along with the Messers. Lowe, Loney, Culp, Martini, Westgaard, Kerr, Witham, Kennedy, Randleman, Bell and Wolfe.

Students out to right last year's loss are Mehmet Akyildiz, Greg FaGaines, Jim Fleming, Jim Gates, Larry Mendoza, Dave Nelson, Spike Steendam, Scott Streeper, and Bill Talley, along with the **Misses** Carol Croghan, Barbara Littleton, Virginia Moore, Connie Roberts, Alice Shelton, Virginia Moore, Connie Roberts, Alice Shelton, Judy Stamm, and alternates, Sue Batchelor and Ann Throop.

The Associated Student Body plans to use the proceeds to finance the Trophy Case, Tartan and other school needs.

All adults bring your one dollar bill ($1) for admittance. You junior high school students — bring 50 cents, and they will let you in.

And we sure hope that all you Highlanders have already bought your 75-cent tickets in advance.

* * *

BAND RATES SUPERIOR

Mr. Warren's Highlander Band won a "superior" rating at the Band Festival held last Saturday in the Alta Loma High School auditorium.

This is the highest rating a band can receive.

Hats off to you, Mr. Warren, and to your excellent band.

* * *

YELL LEADERS

V-I-C-T-O-R-Y — GO — FIGHT — WIN — TOUCHDOWN! An interlude? Gee! What is this all about?

You would know if you had been in the Highlander gym after school last Friday.

Hearts beat faster! Tummies turned flip-flops (so did some of the people). But, all contestants for the Pep Squad try-outs went through their paces for the judges.

Judging thse tryouts were Mrs. Gonzales, Miss Carlisle and Mr. Wolfe from the faculty, and Bob Lindboe, Suzanne Angel, Pam Leuthold, Chris Winterbourne, Donna Jean Jackson and Phylis Guintini from the student body.

Finalists selected are Cheryl Angel, Cary Miller, Cheryl Guintini, Barbara George, Cindy Fletcher, Carol Croghan, Chris Mathy, Khris Kellet, Mary Schexnyder and Given Harrison.

Song leader finalists are Debbie Ferrari, Toni Fladager, Jean Galitz, Pat Gibson, Carollyn Katona, Carolyn Perkins, Mary Linda Piercy and Linnea Yack.

These candidates and the "B" yell leader candidates will show their stuff at an assembly for the entire student body Thursday, March 25. Elections will follow at lunch.

* * *

TALENT SHOW

Do you have an act? A gimmick? Something that will add interest to the talent show?

If you do, sign up before Friday, March 19, at Student Activities Office, so you can participate in the tryouts for the ASB talent show.

If you recall, last year's show was "a really big shew."

* * *

PROM QUEEN

"A pretty girl is like a melody." And we Highlanders can proudly claim some of the sweetest melodies — and the prettiest!

Out of the following list, five girls were eventually elected for the Court. The elections were held during lunch.

The girls, and their sponsoring clubs, are Suzanne Angel—Mac Bora Tawns; Vonnie Beard — "S" Club; Susan Fonda — Lochalinians Tri Hi-Y; Marsha Fuller — G.A.A.; Pam Leuthold — Cathanians; Paige Rasmussen — Tamlins Tri Hi-Y; Connie Roberts—Key Club; Pam Shultz — Artemians; Jan Yack — Bon Reigh Tri Hi-Y; Helen Yukech —Kappa Ni; and Sally Wignal —A.F.S.

* * *

FUN ZONE

The Sophomore Class is sponsoring an ultra-super-duper fun night this Friday, March 19, from 8:30 to 11:30 p.m., in the gym — STAG or DRAG.

There will be a battle of the bands between Jonah and the Wilers and the Alta Loma Supremes.

Dress will be casual. Girls may wear shifts, bermudas or capris. Boys may sport their levis, bermudas, clam diggers and "T" shirts — or, come attired in look-alike outfits.

Special added attraction will be goofy pictures, snow cones, popcorn and a pie-eating contest.

SHARED SHAMROCKS — After Mrs. John Bianco, a second grade instructor at Upland Elementary School, had concocted an eyecatching Irish castle, Blarney Stone and all the trimmings for a teachers' dance with St. Patrick's Day theme, she decided to share them with pupils at the school. Here, she explains the significance of the display — being exhibited in the main hallway at UES — to two of her own students, Susan Jordan and Tommy Rojo.

Top Proficiency Earns Uplander Speedy Promotion

Jan F. Steendam, son of Mr. and Mrs. Jan Steendam, 1312 N. Crawford, Upland, received an early promotion to Army pay grade private E-2 following successful completion of basic combat training at Fort Polk, La., March 6.

Steendam was awarded the promotion two months earlier than is customary because of his proficiency in firing the M-14 rifle, his high score on the physical combat proficiency test and his military bearing and leadership capabilities.

Richard Barr Awarded PTA Life Membership

The Upland High School cafeteria was the setting for the recent Foothill Council PTA fourth annual Honorary Life Membership Award Dinner.

The invocation was given by Mrs. A. W. Stremmel, past Council president, while Mrs. Briscoe Root led the pledge of allegiance.

Mrs. Milton Fisher, outgoing president of Foothill Council PTA, welcomed the members and guests. She explained the meaning and purpose of the Honorary Life Award.

General Chairman of this affair, Mrs. Charles Benninghoff, introduced the unit Honorary Life chairmen who in turn presented their Honorary Life recipients, principals and PTA presidents.

This year, the theme was in the Hawaiian motif, with garlands of camellias, tropical fruit, palm trees and pineapples. Mrs. Henry Brune, Mrs. Larry Lanz and committee were responsible for the lavish decor of an evening in Hawai.

The buffet dinner featured Hawaiian chicken and shrimp creole, prepared by the Upland High School cafeteria staff. The girls of the Future Homemakers Service Club served coffee and rolls.

Allan Smith, superintendent of Chaffey Union High School District, presented the Honorary Life Award to Richard Barr, retiring trustee of Chaffey College, in recognition of his many years of service for the welfare of young people of this area.

Smith said, "Mr. Barr has been involved in almost every charitable drive for a great many years and has shown true leadership and resourcefulness."

Barr served as a member of Board of Trustees for CUHSD then at Chaffey College from 1954 until his recent resignation and has made notable contributions to the welfare of schools, students and staffs.

Sharing this happy moment with Barr was Mrs. Barr, their son, Alan, with his wife, and their daughter, Susan, with her husband, James Preece.

Miss Sandy Long and Miss Lisec entertained the audience with delightful Hawaiian dances and Charles Burns, director for the Foothill Council Singers, thrilled the audience by singing the Hawaiian wedding song. He was accompanied on the piano by Mrs. Harry Burkholder.

He conducted the Foothill Council Singers in a group of musical selections and brought the whole affair to a close by singing the ever-appropriate "Aloaha Oe."

Assisting Mrs. Benninghoff on her committee were the Mmes. Ernest Mizuno, Milton Fisher, Owen Alderfer, Patton Lewis, Thomas Lees and A. T. Arbezzi.

SUPT. ALLAN SMITH (left) of Chaffey Union High School District presented the Foothill Council PTA's fourth annual honorary life membership to Richard Barr of Upland, retiring trustee of Chaffey College.

Council Action

(Continued From Page 1)

required within the next few years.

By pledging an election and issuance of general obligation bonds when the time comes, Upland authorized the City of Ontario to represent both municipalities in applying for advance federal monies for engineering preparation.

Council pulled a quick change Tuesday, first voting 5-0 on James Christensen's motion to table indefinitely an ordinance establishing the fourth Tuesday of each month for public hearings, then voting similarly on Gibson's motion requesting an ordinance setting 7 p.m. as the starting time for the regular twice-monthly Council meetings.

Councilman Ronald Rossitter again raised the question of shorter, weekly sessions, but got no one to second consideration of his proposal.

After obtaining Gibson's "reluctant" endorsement — since he challenged "the benefits to be derived" — Council approved a new "display of confidence" contract with the "independent" Chamber of Commerce, thus clearing the way financially for the hiring of Tony Malone as manager, probably as of April 1.

AN EDITORIAL

Names Of Welfare Recipients Should Be Printed In Paper

Ever since we learned recently that some 30 percent of Governor Brown's proposed record-breaking budget of $4 billion-plus has been earmarked for SOCIAL WELFARE, we've been thinking about the enormity of it all.

And the San Bernardino County Grand Jury's estimate that closer to 50 percent of the upcoming County budget, also a record-breaker, will be destined for the same use hasn't helped smooth our collective furrowed brows.

We are greatly concerned. To put it bluntly, we're shook up.

We're tired of the FREDDIE THE FREELOADERS in our midst — an ever-increasing group which delights in feeding from the public troughs. Not every person on the long, long welfare lists is a chiseler, to be sure, but the number is growing rapidly and that's what has us worked up in a lather.

* * *

Happily, the Grand Jury began cracking down on the welfare phonies last year. A widespread round-up spotlighted the seriousness of the situation and resulted in the jailing of quite a few culprits. More importantly, the CRIME OF FRAUD was emphasized, and this publicity probably has discouraged many would-be welfare chiselers.

There haven't been notable welfare arrests in recent weeks, but we hope our law enforcers are developing new cases which will hit the headlines in the near future. The Grand Jury should be encouraged to keep prodding the lawmen whenever necessary to make sure the anti-fraud ball rolls on.

THE NEWS was happy to note over the past weekend that San Bernardino County undercover agents have developed 100 cases involving unrelated men living in homes where mothers receive aid for dependent children. NO LESS THAN 75 PERCENT of unrelated men living in County welfare homes have criminal records ranging from murder to statutory rape. The District Attorney's Office is cracking down on this serious situation — and cracking down hard — so this should help clean up the overall mess.

* * *

Anxious to do our part in curing this menacing social ill — this immoral craving for conscienceless freeloading — we thought it might be a good idea to publish the names of ALL WELFARE RECIPIENTS in the County, or at least those residing — compliments of the taxpayers — in the West End area.

It is our firm contention that publication of such a list would aid the law enforcers in weeding out and nabbing many of those who are receiving social welfare illegally — at the PUBLIC'S EXPENSE. We feel that this black-and-white exposure would send the phonies back under rocks, where they belong, and OFF THE WELFARE ROLLS, where they don't belong.

So we asked Supervisor Daniel Mikesell to determine the legality of printing in full a list of social welfare recipients, thereby giving our readers a chance to separate the good guys from the bad guys.

Mikesell's answer — quite properly, from the Office of the County Counsel — is reproduced in its entirety elsewhere on this page. We are indebted to the legal authorities for their explanation, but we are dissatisfied with it. We're hopeful a lot of our readers will be just as dissatisfied.

* * *

We have always maintained vigorously that the taxpayer picking up the public tab has a right to know what he's paying for. By the same reasoning — taking the plight of social welfare — he should know FOR WHOM HE IS PAYING THE BILL.

We don't particularly want to embarass any citizens who are receiving handouts for legitimate causes of need, but we are confident most of them wouldn't mind if it meant the chiselers were being found out and drummed out. In the long run, these truly needy persons would benefit, because there would be MORE FUNDS AVAILABLE — with less public protests — for those accepting welfare honestly.

In our opinion, it's high time that California Welfare and Institutions Code Section 118 was amended or eliminated to permit the newspapers of this State to unveil the names of a dangerously mounting total of freeloaders that threatens to undermine our whole economy. The public deserves to know who is responsible for its economic downfall.

AN EDITORIAL

Secrecy Not Needed

Every session of the State Legislature it seems there's a bill introduced to give school boards secrecy to discuss the acquisition of property — a move that is neither desirable, nor necessary.

Reason always given for that perennial bill is that, when school locations are discussed openly, then prices skyrocket. Don't believe it.

When school boards get around to talking about a specific location, who knows it better than the real estate brokers and landowners those brokers or school people have been talking to?

The way things usually work is that administrative people choose an area for a new school, or even a particular site, and contact brokers or owners long before any discussion by a board. By that time, those brokers and owners know what is going on, although school boards do not.

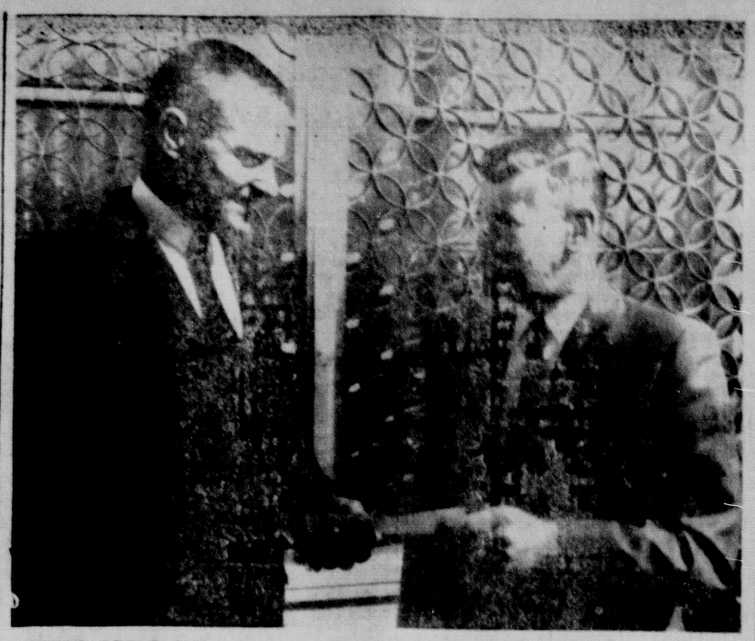

There is a system of built-in safeguards on school purchase of property that serves as adequate protection for public funds.

School boards can pay no more for land than the highest of two appraisals in cases where land is purchased without condemnation proceedings.

When condemnation is the route necessitated by a reluctant seller, then the matter goes to court, and the price is determined by the court from appraisers' testimony and their appraisals.

AB 1511 by Victor V. Veysey, R-El Centro, should be killed, as it was in the last session of the Legislature.

Less secrecy, not more, by all public bodies spending the public's money, should be the trend.

CHECK FOR $1,360 is presented by Upland Police Chief John Wessely (left) to City Mgr. Elwin Alder as the municipality's share of the 1964 allocation from the California Peace Officer's Training Fund. During the year, Upland trained four newly-employed officers at the Riverside Sheriff's Training Academy, each trainee receiving 280 hours of basic classroom instruction in addition to field training. Upland is one of 260 cities and counties adhering voluntarily to CPOT program.

From the Mailbox

STRICTLY CONFIDENTIAL
To The Editor:

Reference is made to your request to Mr. Mikesell, Supervisor, Second District, County of San Bernardino, for information concerning statutory provisions on the confidentiality of welfare records.

California Welfare and Institutions Code Section 118 provides as follows:

"118. Confidential records; rules and regulations; misdemeanor.

Except as otherwise provided in this section, all applications and records concerning any individual made or kept by any public officer or agency in connection with the administration of any provision of this code relating to any form of public * * * **social services** for which grants-in-aid are received by this State from the United States government shall be confidential and shall not be open to examination for any purpose not directly connected with the administration of such * * * **public social service**; provided, however, any agency having custody of such records may make the disbursement records available to the district attorney upon his request. The information thus obtained shall be made available to the district attorney for the official conduct of his * * * **office** and shall not be used for any other purpose.

"Except as otherwise provided in this section, no person shall publish or disclose or permit or cause to be published or disclosed any list of persons receiving any such public * * * **social services.** Except for purposes directly connected with the administration of such public * * * **social services,** no person shall publish, disclose, or use or permit or cause to be published, disclosed or used any confidential information pertaining to an applicant or recipient. Any violation of this section is a misdemeanor.

"The State Department of Social Welfare may make rules and regulations governing the custody use and preservation of all records, papers, files and communications pertaining to the administration of the * * * laws **relating to public social services.** The rules and regulations shall be binding on all departments, officials, and employees of the State, or of any political subdivision of the State, and may provide for giving information to or exchanging information * * * **with agencies, public or private, which are engaged in planning, providing or securing social services for or in behalf of recipients or applicants**; and for making case records available for research purposes, provided, that such research will not result in the disclosure of the identity of applicants **or** recipients of * * * public * * * **social services.**

"Any person, including every public officer and employee, who knowingly secures, or possesses, other than in the course of official duty, an official list or a list compiled from official sources, published or disclosed in violation of this section, of persons who have applied for or who have been granted any form of public * * * social services for which state * * * **or federal funds are** made available to the counties of the State * * * is guilty of a misdemeanor."

I trust that we have sufficiently answered your inquiry concerning this matter. If not, please do not hesitate to call.

Stanford D. Herlick
County Counsel
Donald R. Egan
Deputy County Counsel

HELP APPRECIATED
To The Editor:

I want you to know how very much we appreciated the excellent newspaper coverage by The Upland News to the recent finance election conducted by the Upland School District.

The excellent editorial support with a dedicated attempt to inform the voters as to the content and purposes of the election was also very much appreciated.

Vern H. Orum,
General Chairman
Finance Election Campaign

DISSENTING VOICE
To The Editor:

I was moved to sincere concern for the City of Upland by March 4's Editorials in THE NEWS. (Ed. Note — Mrs. Graham's reference was to the "Off Beat" column).

I do believe there is strength in unity. However, I question whether, in the interest of unity, the citizens should be

(Continued on Page 3)

OFF BEAT

With Ace Bushnell

"Talk about losers," Gordon Crockett mused the other day, "I got up with $15 in my trousers this morning and, before I had finished breakfast, my three boys and my wife had clipped me for $14.65 for a wild list of school expenses and lunch money."

Crockett, one of our Euclid Ave. types at THE NEWS (that's Uplandese for Madison Ave. type), posed an interesting point. But I would classify his brand of losing as somewhat usual. He wouldn't qualify for my league.

I tried to convince my colleague that I'm the guy who doesn't have to wear a postman's uniform to be bitten by

neighborhood curs—**any** neighborhood, that is. I recalled that I had wagered an appreciable sum on the Phillies from the City of Brotherly Love (what a joke!) late last August. I even lied a little and told him that Ray Charles had dedicated "Born to Lose" to yours truly.

Skeptic Crockett, still running $14.65 short for the day, refused to buy my continuing tale of woe. But, so help me, it's gospel.

* * *

I was painfully aware of my dilemma-plagued career long before the Phils pulled their fold, of course, but it took Upland to prove it to me. As soon as I arrived on the scene, City Council meetings went to new lengths, municipal problems worsened and tempers really flared. At City Hall, I've received more than my share of accusing glances of late—glances which seem to hiss, "We suspicion, we suspicion."

Now, I'm not opposed to six or seven-hour Council clambakes (at least, that's how THE NEWS editorial read last week), but I'd sure like to inhale an air of accomplishment upon exiting the hallowed hall. Thus far, I haven't experienced exceptional exhilaration - and, commencing next Tuesday, at least a third Council session will be scheduled each month.

Only two weeks back, I decided to help solve the Foothill Knolls crisis involving the Santa Fe and its already-infamous spur. I wrote a column in which I expressed much more than my two cents' worth. I had high hopes of favorable reaction to my quiet crusade.

When Mrs. I. M. Graham entered our offices brandishing a letter to the editor, I was elated, for she can cover a lot of territory (see Mailbox, this page). "I read your column," she said. "Oh, yes?" I remarked with practiced casualness. "You're all wet!" she exclaimed.

* * *

All photographers are bedevilled on occasion, and it happens more frequently to those of us who should never have taken camera in hand. But my machine has been bewitched—just ask the AAUW, the Red Cross, the Francis Ave. Singers, et al. Never has one camera done so little for so many!

And then there was that "Off Beat" column three issues ago devoted to exotic pets that aren't for petting. Remember? Well, you won't believe it — Crockett won't buy it — but a new couple moved into the apartment directly behind ours the following week end and, as if by fate, they unpacked a monkey and a myna bird to supplement their four youngsters and German shepherd.

At the moment, I'd be willing to bet that, if I watch "The Fugitive" for enough weeks, that nasty, tax-squandering Lt. Gerard is going to catch David Janssen and slap him right into the electric chair — just because I'm on the good doctor's side.

* * *

My mother-in-law won't admit it, but she's figured out that I'm ill-starred. She began to sense it at Santa Anita the afternoon our hot dogs weren't even in the money. Then, after I slipped the fact that Hitler and I were born on the same day, she checked her horoscope books and stopped inviting me to play bingo with her. In off-guard conversations, she has been heard to call me "Miniver Cheevy."

I haven't run out of gas on the San Bernardino Freeway—yet. I haven't been asked to write publicity releases for the PTA — yet. I haven't been called back into the Marine Corps — yet. All of these goodies could come almost any time now.

Meanwhile, the handwriting may be on the wall. I received my income tax refund recently, which means the IBM

apparatus at IRS should be working overtime. And, when the sleuths down in L.A. reach out for me, the bite they take for miscalculation won't be anything usual like the kids took out of Crockett's pockets.

Minute Editorial Views

The West End Mental Hygiene Association, formed with some fine goals, including eventual establishment of an out-patient clinic, deserves widespread area support, financial and otherwise.

* * *

THE NEWS is delighted to be counted among 43 merchants and property owners endorsing the Upland Shopping Center's handsome revitalization program. With spirited new leadership, we hope the blueprints become reality SOON!

* * *

Parents are reminded that tryout dates for 1965 Little League play are at hand. Don't let your youngsters miss out on this wonderful opportunity.

There should be room for all boys in the Little League age group to compete, for Upland now has three eight-team loops and the Alta Loma, Cucamonga, Etiwanda communities are served well by the expanding Vineyard circuit.

* * *

Speaking of Alta Loma, Cucamonga and Etiwanda, weighing the possibility of incorporation, we understand folks in those three communities don't like a Girl Scout proposal that their first letters be combined into the word "Ace."

We agree with the public sentiment. Ace might be okay for weekly newspaper managing editors, but Ace, Calif.? NEVER!

* * *

We've been well-represented at the Fabulous 50th Orange Show. A pretty queen contestant from Cucamonga, rodeo and queen contest committeemen from Upland and some eyecatching artistic efforts from Alta Loma High School, among others. A good community endeavor!

SAWC Manager's Report

TO THE BOARD
SAN ANTONIO WATER CO.
GENTLEMEN:

I am pleased to present the Annual Report to the Stockholders for your approval.

WATER SUPPLY

Rainfall 1963-64: Camp Baldy 23.25 inches (average 2.57); Liberty Groves 15.38 inches (average 16.28); our Canyon flow high was May 22, 1964—416 inches; Tunnel high May 29, 1964 — 86 inches, a total of 502 inches. Our Canyon low was October 7, 1964—142 inches, Tunnel low Aug. 10, 1964 — 48 inches, a total of 190 inches. Jan. 13, 1965 our Canyon flow 220 inches, Tunnel Jan. 18, 1965—57 inches, a total of 277 inches.

Water spread in Cucamonga Canyon—685.834 Acre Feet.

Water levels — Cucamonga Basin 296 to 318. Loss 22 feet.

Claremont Heights 405 to 417. Loss 12 feet.

Chino Basin 441 to 446. Loss 5 feet.

OPERATIONS

Routine repairs were made to the water system. The major repairs were relocating Irrigation pipe for subdivisions. We also installed 2,892 feet of 4" pipe, 1,950 feet of 2" pipe, 1,097 feet of 1½" pipe, 482 feet of 1" pipe, to our Domestic system.

TUNNELS

Tunnels were checked. New metal tops were made for all shafts in San Antonio Tunnel. The past year we have spread water over San Antonio Tunnel to increase the volume for domestic service.

PUMPS AND BOOSTERS

Pumps and Boosters were checked and repaired as required. The only pump repair was on Well No. 12.

RESERVOIRS

Reservoirs were cleaned and checked. We installed new fence around our 23rd St. reservoir and 4th St. reservoir.

MISCELLANEOUS

Total rock plant production is up again this year. We have three rock leases in operation, Mountain Rock Products, Standard Ready Mix Service Corporation and Pacific Rock and Gravel Co.

TOOLS

Two new Pickup trucks were acquired this year for the Zanjeros, and hand tools were purchased to replace broken and worn equipment.

TAXES

We have paid Internal Revenue Service $50,967.21 for 1961 tax, and have filed for refund.

LEGAL

We have joined Chino Basin Municipal Water District in the Orange County suit.

FINANCIAL

Eadie and Payne audited our books and prepared their report which is included herewith.

Again I wish to thank the Stockholders for their cooperation, the Board of Directors for their support and advice, and employees for their assistance and cooperation.

Respectfully submitted,
C. E. THOMAS, Manager

Financial Statement Of Water Company

Board of Directors
San Antonio Water Company
Upland, California
Gentlemen:

We have examined the balance sheet of the San Antonio Water Company as of December 31, 1964, and the statement of revenue and expense for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances; however, we did not observe the taking of inventories but satisfied ourselves as to quantities by other auditing procedures.

In our opinion, the accompanying balance sheet and related statement of revenue and expense present fairly the financial position of the San Antonio Water Company at December 31, 1964, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Respectfully submitted,
EADIE and PAYNE

FINANCIAL CONDITION

The working capital of the company decreased $13,099.78, as shown in the following summary:

Working Capital, December 31, 1963		
Current Assets	$165,214.53	
Current Liabilities	58,840.47	$106,374.06
Working Capital, December 31, 1964		
Current Assets	125,158.06	
Current Liabilities	31,833.78	93,274.28
Decrease in Working Capital		$ 13,099.78

This decrease is accounted for in the following statement of source and disposition of funds:

Sources of Funds		
Depreciation charge to operations		$ 54,273.23
Decrease in term trust deed notes receivable		1,000.00
Decrease in notes receivable customers		1,779.32
Increase in lease deposits		750.00
Contributions in aid of construction	$ 20,615.00	
Gain on sale of corporate stock	165.50	20,780.50
		78,583.05
Decrease in working capital		13,099.78
TOTAL		$ 91,682.83
Disposition of Funds		
Fixed Asset Additions	$ 18,071.17	
Less: Book Value of retirements	6,529.48	
	11,541.69	
Increase in construction in progress	451.39	11,993.08
Excess of expenses over revenue		79,689.75
TOTAL		$ 91,682.83

FILE 13

By Walt Orvis

It crops up from every organization — there are still just a few doing most of the work. I often am asked what do you do to get people out, to help with projects or organizations they should help with.

I haven't found the answer to that one yet, and neither has anyone else.

No matter what the organization or the goal at hand, it's tough to get people to work at it, even if they have a vital interest in the outcome.

Take Little League, Pony League, other athletics ventures, or PTA, or church, Scouts, or what have you—few do much; many do little.

It's a sad, sad story.

There are about a jillion kids right now all set to plunge into baseball, and there are still only a relatively few dedicated persons who are breaking their backs to make sure the youngsters have a place to play and an organization behind them to take care of the hundreds of other things besides a ball diamond that it takes for a successful season.

Most of those youngsters have mothers and fathers. There is work for both men and women, but where are they? Waiting to complain at managers and coaches, yell at umpires?

If anyone sends or permits a boy to become involved in a baseball program, or Scouts or some other activity, then there is something the parent can do, besides make use of the "babysitting service."

I admit that not everyone agrees with Little, Pony, etc. Leagues' programs and activities, but if they have a boy in it, then they should be in there too.

Not everyone can spend a lot of time or money, but practically every parent can contribute something to the program that his or her child is involved in.

An hour's rock picking, a stint in the snack bar, the loan of some equipment, or what have you? There is something for everyone.

Personally I can find fault with every organization, and every person who is trying to do something. The only people who do not make a mistake now and then, or do something the wrong way or the hard way are in the graveyard, or they are dead and don't know it.

I have a son who will be old enough for Cubs and Little League a couple of years from now. If he'll be involved, I don't know.

I'm not going to coach or manage a team, or keep score. Don't know how. I don't know a pop fly from a mom fly. I used to think it made a difference only to house flies.

But it's a cinch that if I offer some manual labor or something else that I can contribute, someone will put me to work somewhere when I have an hour available.

Same goes for others, and for other endeavors. If we are making use of a program, or an organization of any kind, each of us should contribute what we can, when we can.

It feels good, too, to get out and do our part, small though it may be, for a League, the pack or troop or our church, or a school oriented group such as the band, or athletic team.

If we all spent as much time working with and trying to improve organizations as much as we criticize them, maybe they wouldn't deserve so much criticism, because with we critical experts on the inside helping out, they would just have to be much better organizations.

See you on the inside, not looking out, but helping out.

RESOLUTION OF INTENTION NO. 1751 ASSESSMENT DISTRICT NO. A-11-64-2 UPLAND, CALIFORNIA

The City Council of the City of Upland, California, in regular session assembled this 2nd day of March, 1965, does hereby resolve and determine as follows:

SECTION 1: That the public interest and convenience require, and that it is the intention of said City Council to order the following acquisition of property for public use and work to be done or improvements to be made in said City of Upland, California, to wit:

1. The construction and installation of an eight inch vitrified clay pipe sewer line with six inch vitrified clay pipe house laterals and manholes, and including trenching, backfilling, the removal of all obstacles in the way of said work, pavement replacement, appurtenances and appurtenant work, in the East and West public alley between Bowen and Ninth Streets from an existing manhole in the common intersection of said public alley with Grove Avenue to a manhole to be constructed 1080.49 feet Westerly thereof, and thence continuing Westerly in said public alley and the 13 foot wide sewer easements and rights of way hereinafter described, 172.70 feet to a cleanout to be constructed.

2. The acquisition of the following described sewer easements and rights of way situate in the City of Upland, County of San Bernardino, State of California:

The Southerly 13 feet of the Northerly 60 feet of Lot 22 of Bowen and Byer's Subdivision, as shown by map on file in Book 17 of Maps at Page 44 thereof, Records of San Bernardino County, California; except therefrom the Westerly 108 feet thereof; also except therefrum the Easterly 4 feet thereof. The Southerly 13 feet of the Northerly 60 feet of the Easterly 65 feet of the Westerly 108 feet of Lot 22 of Bowen and Byer's Subdivision, as shown by map on file in Book 17 of Maps at Page 44 thereof, Records of San Bernardino County, California.

SECTION 2: All of the above mentioned acquisition of property and work, including the grade to which said work shall be done and the location thereof in and upon the streets and rights of way above mentioned, shall be done upon the grades, along the lines, between the points, of the dimensions, at the places and in the manner described and set forth in the plans, profiles and detailed drawings of said work, and to specifications for said work heretofore adopted by said City Council on March 2, 1965 by its Resolution No. 1747, which plans, profiles, detailed drawings and specifications are on file in the office of the City Clerk of said City of Upland, and which are hereby referred to for a more particular description of said work, grade of said work, and location of said work in and along the streets and rights of way hereinbefore mentioned; and which plans, profiles, detailed drawings and specifications are hereby incorporated herein and made part hereof by reference as though set forth fully herein.

SECTION 3: That said contemplated work and improvements, in the opinion of said City Council is of more than local or ordinary public benefit, and that the expenses and cost of said acquisition of land, work and improvements shall be chargeable upon a district, which said district said City Council hereby declares to be the district benefited by the work and improvements herein described and to be assessed to pay the cost and expenses thereof; said district shall include that territory in said City of Upland, California which is shown upon that certain plat or map thereof on file in the office of the City Clerk of said City of Upland, entitled "ALLEY SEWER BETWEEN NINTH STREET AND BOWEN STREET," and which said map or plat indicates by a boundary line the extent of the territory included in the proposed district and covers all details as to the extent of the area to be assessed; said map or plat is hereby incorporated herein and made a part hereof by reference as though set forth fully herein.

SECTION 4: NOTICE IS HEREBY GIVEN that serial bonds shall be issued in the manner and form provided in Part 5, Division 7 of the Streets and Highway's Code of the State of California, the Improvement Act of 1911, to represent unpaid assessments of Fifty Dollars ($50.00) or over, which said bonds shall bear interest at the rate of six (6%) per cent per annum and the last installment of which bonds shall mature nine (9) years from the second day of January next succeeding the first day of September following their date.

SECTION 5: NOTICE IS HEREBY FURTHER GIVEN that on Tuesday, the 20th day of April, 1965, at the hour of 7:30 o'clock P.M. of said day, in the City Hall of said City of Upland, California, or as soon thereafter as said hearing can be held, the meeting place of said City Council, any and all persons having any objections to the proposed acquisition of land for public use, work or improvements, or any objections to the grades to which said work is to be done, or any objections to the boundaries of the district proposed to be assessed to pay the cost and expenses of said acquisition, work or improvements may appear before said City Council and show cause why said proposed acquisition of land, work or improvements should not be carried out in accordance with this resolution of intention, and may present written protests in the form and manner required by law not later than the hour hereinabove set for hearing objections against authorizing said acquisition or the doing of said work, the grades to which said work is to be done, or the extent of the territory to be assessed to pay the cost and expenses thereof.

SECTION 6. The City Clerk of said City of Upland, California shall cause this resolution of intention to be published twice in the UPLAND NEWS, a newspaper of general circulation, published and circulated in said City of Upland, California which said newspaper has heretofore been designated by said City Council as the newspaper in which shall be printed and published all notices, resolutions, orders and other matters required to be published in the proceedings to be taken pursuant to this resolution and under the provisions of the Improvement Act of 1911; the first publication of said notice shall be not less than ten (10) days prior to the date herein fixed for the public hearing fixed by this resolution of intention.

SECTION 7: The Superintendent of Streets of said City of Upland, California shall cause to be conspicuously posted along the line of said contemplated work and improvements, and on all the open streets within the assessment district notice of the passage of this resolution of intention in the time, form and manner required by law.

SECTION 8: That the City Clerk of said City of Upland, California is hereby directed to mail notices of the adoption of this resolution of intention, postage prepaid, to all persons owning real property proposed to be assessed to pay the cost and expenses of said work, whose names and addresses appear on the last equalized assessment roll for real property taxes, or as known to said City Council, and which said map or plat indicates by a boundary line the extent of the territory included in the proposed district and covers all details as to the extent of the area to be assessed; said map or plat is hereby incorporated herein and made a part hereof by reference as though set forth fully herein.

SECTION 9: NOTICE IS HEREBY FURTHER GIVEN that the grades to which said work is to be done are, or may be and in some cases are different from existing ground levels.

SECTION 10: The total estimated cost of said work and improvements, including estimated incidental costs, is in the amount of $12,280.00.

SECTION 11. The estimated cost of said acquisition of property is $400.00 and is in addition to the total estimated cost of said work and improvements hereinabove set forth.

SECTION 12. NOTICE IS HEREBY FURTHER GIVEN that the report of the City Engineer of the City of Upland, California upon the proposed acquisition of land and improvement, as approved by said City Council is on file in the office of the City Clerk of said City of Upland, California and open to public inspection.

SECTION 13: All of the lands, rights of way and easements aforesaid, required in said work and improvements, shall be acquired by the City of Upland, California by gift, purchase or condemnation. Said City of Upland shall advance the cost thereof from its general fund and shall assess such cost thereof, including the incidental expenses thereof, as a part of the cost of said improvement.

SECTION 14: NOTICE IS HEREBY FURTHER GIVEN that the redemption provisions of the serial bonds above mentioned in Section 4 hereof shall provide, in addition to all other matters required by law, for a premium of five per cent (5%) of the unpaid principal should the owner or any person interested in any lot or pracel of land upon which any such bonds have been issued desire to pay off any of such bonds and discharge the land described in any of such bonds from the lien of said assessment prior to its maturity and the commencement of proceedings for sale.

ADOPTED this 2nd day of March, 1965.

Shopping Bag Face-Lifting To Shape New Vons Market

Shopping Bag Upland, located at 304 E. Foothill Blvd., will close for an extensive remodeling beginning Monday, March 22.

The store will close at 7 p.m. Sunday, March 21, and remain closed until Thursday, April 1.

During the 10 days of the remodel, the entire interior of the market will be restyled and remodeled.

The grocery section will have new gondolas, bigger and more modern frozen food cabinets, new style cases for the displaying of delicatessen products, new type of refrigeration cases for the meat department, plus brand new checkstands that have been designed for easier and quicker customer checking out.

In addition, the new meat department will feature a complete hot barbecued chicken facility. The department store section will be included within the main shopping area of the new store.

The new market will open as a Vons market, but will maintain the same personnel, products and policies that have pleased Upland housewives in the past.

At 9 a.m. Thursday, April 1, customers will see a new Vons Upland because, in the 10 days it has been closed, workmen will have completely renovated the market in order to add all of the latest modern shopping conveniences.

Featured will be a gala re-opening sale with spectacular bargains in all departments.

RESOLUTION OF INTENTION NO. 1742 ASSESSMENT DISTRICT NO. A-11-64-1 UPLAND, CALIFORNIA

The City Council of the City of Upland, California, in regular session assembled this 2nd day of March, 1965, does hereby resolve and determine as follows:

SECTION 1: That the public interest and convenience require, and that it is the intention of said City Council to order the following work to be done or improvements to be made in said City of Upland, California, to wit:

The construction and installation of an eight inch vitrified clay pipe sewer line with six inch vitrified clay pipe house laterals and manholes, and including trenching, backfilling, the removal of all obstacles in the way of said work, pavement replacement, appurtenances and appurtenant work, in the East and West public alley between Bowen and Chaffey Streets from an existing manhole in the common intersection of said public alley with Grove Avenue to a manhole to be constructed 1084.25 feet West thereof in the common intersection of said alley with the first North and South public alley West of Grove Avenue; thence Southerly from said manhole in said North and South public alley 52 feet to a cleanout to be constructed; also, Northerly from said manhole in said North and South public alley 120 feet to a cleanout to be constructed.

SECTION 2: All of the above mentioned work, including the grade to which said work shall be done and the location thereof in and upon the streets and rights of way above mentioned, shall be done upon the grades, along the lines, between the points, of the dimensions, at the places and in the manner described and set forth in the plans, profiles and detailed drawings of said work, and to specifications for said work heretofore adopted by said City Council on March 2, 1965 by its Resolution No. 1738, which plans, profiles, detailed drawings and specifications are on file in the office of the City Clerk of said City of Upland, and which are hereby referred to for a more particular description of said work, grade of said work, and location of said work in and along the streets and rights of way hereinbefore mentioned; and which plans, profiles, detailed drawings and specifications are hereby incorporated herein and made part hereof by reference as though set forth fully herein.

SECTION 3: That said contemplated work and improvements, in the opinion of said City Council is of more than local or ordinary public benefit, and that the expenses and cost of said work and improvements shall be chargeable upon a district, which said district said City Council hereby declares to be the district benefited by the work and improvements herein described and to be assessed to pay the cost and expenses thereof; said district shall include that territory in said City of Upland, California which is shown upon that certain plat or map thereof on file in the office of the City Clerk of said City of Upland, entitled "ALLEY SEWER BETWEEN BOWEN AND CHAFFEE STREETS," and which said map or plat indicates by a boundary line the extent of the territory included in the proposed district and covers all details as to the extent of the area to be assessed; said map or plat is hereby incorporated herein and made a part hereof by reference as though set forth fully herein.

SECTION 4: NOTICE IS HEREBY GIVEN that serial bonds shall be issued in the manner and form provided in Part 5, Division 7 of the Streets and Highways Code of the State of California, the Improvement Act of 1911, to represent unpaid assessments of Fifty Dollars ($50.00) or over, which said bonds shall bear interest at the rate of six (6%) per cent per annum and the last installment of which bonds shall mature nine (9) years from the second day of January next succeeding the first day of September following their date.

SECTION 5: NOTICE IS HEREBY FURTHER GIVEN that on Tuesday, the 20th day of April, 1965, at the hour of 7:30 o'clock P.M. of said day, in the City Hall of said City of Upland, California, or as soon thereafter as said hearing can be held, the meeting place of said City Council, any and all persons having any objections to the proposed work or improvements, or any objections to the grades to which said work is to be done, or any objections to the boundaries of the district proposed to be assessed to pay the cost and expenses of said work or improvements may appear before said City Council and show cause why said proposed work or improvements should not be carried out in accordance with this resolution of intention, and may present written protests in the form and manner required by law not later than the hour hereinabove set for hearing objections against the doing of said work, the grades to which said work is to be done, or the extent of the territory to be assessed to pay the cost and expenses thereof.

SECTION 6: The City Clerk of said City of Upland, California shall cause this resolution of intention to be published twice in the UPLAND NEWS, a newspaper of general circulation, published and circulated in said City of Upland, California which said newspaper has heretofore been designated by said City Council as the newspaper in which shall be printed and published all notices, resolutions, orders and other matters required to be published in the proceedings to be taken pursuant to this resolution and under the provisions of the Improvement Act of 1911; the first publication of said notice shall be not less than ten (10) days prior to the date herein fixed for the public hearing fixed by this resolution of intention.

SECTION 7: The Superintendent of Streets of said City of Upland, California shall cause to be conspicuously posted along the line of said contemplated work and improvements, and on all the open streets within the assessment district notice of the passage of this resolution of intention in the time, form and manner required by law.

SECTION 8: The City Clerk of said City of Upland, California is hereby directed to mail notices of the adoption of this resolution of intention, postage prepaid, to all persons owning real property proposed to be assessed to pay any part of the cost of said work, whose names and addresses appear on the last equalized assessment roll for real property taxes, or as known to said clerk. Said mailing is to be completed at least fifteen (15) days prior to the day herein fixed for the public hearing on this resolution of intention, all in the time, form and manner prescribed in said Improvement Act of 1911.

SECTION 9: NOTICE IS HEREBY FURTHER GIVEN that the grades to which said work is to be done are, or may be in part, new and different from those heretofore established, or may be and in some cases are different from existing ground levels.

SECTION 10: The total estimated cost of said work and improvement, including estimated incidental costs, is in the amount of $13,530.00.

SECTION 11: NOTICE IS HEREBY FURTHER GIVEN that the report of the City Engineer upon the proposed work and improvement, as approved by said City Council, is on file in the office of the Clerk of said City of Upland, California and open to public inspection.

SECTION 12: NOTICE IS HEREBY FURTHER GIVEN that the redemption provisions of the serial bonds above mentioned in Section 4 hereof shall provide, in addition to all other matters required by law, for a premium of five per cent (5%) of the unpaid principal should the owner or any person interested in any lot or parcel of land upon which any such bonds have been issued desire to pay off any of such bonds and discharge the land described in any of such bonds from the lien of said assessment prior to its maturity and the commencement of proceedings for sale.

ADOPTED this 2nd day of March, 1965.

Smoke Signals

from Alta Loma High School
By Valerie Lee Prisel

The second annual Backwards Week has been planned and scheduled for this week, March 14-19. The following activities have been planned: On Monday, a contest was held in front of the gym where each boy, attempting to stand barefooted on a cake of ice, was timed. Each try cost 25 cents.

This contest was held during brunch and lunch. The candidates coming in first, second, and third will be eligible to be a King candidate on Friday.

Tuesday, we all enjoyed Slave Day. All of the varsity lettermen were auctioned off as slaves. They will be slaves until lunch on Wednesday. Only girls can buy slaves.

Wednesday is the day of the "wearin' of the green," namely St. Patrick's Day. There will be a bubble gum sale. A bubble-blowing contest will be held during lunch. The boys coming in first, second and third will again be King candidates.

On Thursday, the boys can try their hand at eating crackers and then trying to whistle. The first three will be eligible to run for King.

Friday, the boys who are King candidates will enter one last contest. The boy with the prettiest legs will be selected as Backwards King.

The Backwards dance will be held Friday evening March 19, from 8-11:30 p.m. The King will be crowned at this time.

Girls, don't forget to ask your favorite Brave to attend the Backwards Dance with you.

* * *

Four Alta Loma High School students have been selected to send their arts-and-crafts project to the 50th annual San Bernardino County Orange Show, which is being held this week.

This art show will be presented by all the secondary schools of San Bernardino County. Each school is allowed to send two art projects from each teacher who has an art or crafts class.

All the projects that are sent in are judged. Those chosen are placed on display.

Alta Loma will be represented by Larry Jones, ex-Maiden Kachina Doll, and Sherry Chetlan will display a bug painted in tempra paints.

Also sending exhibits are Annette Place, with a picture entitled "Kite Fliers," Annabeth Gardner with her surrealistic design.

'Air Of Mystery' To Be Cleared Up By Coin Club

The Upland Coin Club will meet at 8 p.m. Saturday, March 20 in the Women's Club, 738 N. Euclid Ave., Ontario.

The main part of the program is of a very special nature and cannot be fully discussed at this time, since it will be honoring a person who is quite active in numismatics and in quite a number of clubs in Southern California.

Therefore, members are asked to be in attandance so as to get this "air of mystery" cleared up.

The club's display chairman has reminded members to bring displays with them. Junior members are also reminded to bring displays since they are now rated separately from the adult displays.

There will be door prizes and refreshments, along with other surprises. Visitors and guests are welcome, so members are asked to bring them along to this meeting.

HORTONS' SON

Mr. and Mrs. Charles D. Horton, 1328 Waverly Ct., Upland, became the parents of a baby boy at 5:27 a.m. March 10 at San Antonio Community Hospital.

HEREFORD SOLD

Alan A. Couch, Upland, recently sold one registered Polled Hereford cow to R. J. Hartman, Woods Rd., Valley Center.

Senior Citizens Hosting Speakers Next Tuesday

The fight of the aged for survival will be discussed by speakers of the California League of Senior Citizens at a meeting at 10:30 a.m. Tuesday, March 23, at 205 S. Campusave., Upland.

The League's Old Folks Lobby in Sacramento and in Washington, D.C., is opposing benefit cutbackso n the State level, and "watered down" Social Security legislation.

Social welfare proposals in th elast session of Congres will be compared with those in the present session. The drastic reduction in proposed health and retirement benefits will be shown.

The Old Folks Lobby is headed by George McLain, chairman of the California League of Senior Citizens, a non-profit organization representing the aged, the blind and totally disabled before the State legislature and Congress in the fieldsof welfare, housing, medical and retirement benefits.

Upland Sergeant Helps Plan For Sheriff's Rodeo

Sgt. Ed Ballinger of Upland is one of several committees preparing for the ninth annual championship Sheriff's Rodeo Saturday and Sunday, March 20 and 21 — the finale of the Orange Showi n San Bernardino.

Added rodeo attraction is the big western parade starting at n in downtown San Bernardino and moving to exposition stadium to kickoff Sunday's final rodeo competition.

More than 75 deputies, detev eticsand personnel of the San Bernardino County Sheriff's Department are working on Sheriff Frank Bland's 1965 rodeo staff.

Assisting are the Woman's Auxiliary, Sheriff's Mounted Rangers, Mounted Posse, Command Post, Uniform Division and Sheriff's Reserve units.

NOTICE INVITING SEALED BIDS
ASSESSMENT DISTRICT NO. A-11-64-2
UPLAND, CALIFORNIA

NOTICE IS HEREBY GIVEN that the City Council of the City of Upland, State of California, hereby invites sealed bids and proposals for the improvement of a Sanitary Sewer and appurtenant works in the Alley Sewer Between Ninth St. and Bowen St. Improvement District in the City of Upland, State of California, as described in Resolution of Intention No. 1751 of said City Council adopted March 2, 1963, to which reference is hereby made for a description of said work and improvement, the district to be assessed to pay the cost and expense thereof, the bonds to be issued, and for all further particulars therein contained. Reference is hereby further made to the Plans, Specifications and Special Provisions for said work and improvement on file in the Office of the City Engineer of said City in accordance with which said work shall be done.

Plans may be seen and forms of proposals, contract documents, plans and specifications may be obtained at the Office of said City Engineer, at the City Hall, Upland, California upon payment of Two and 50/100 Dollars ($2.50) for each set. Plans and specifications will be furnished at cost and charges for same will not be refundable.

NOTICE IS FURTHER GIVEN that said City Council has heretofore determined the prevailing rate of per diem wages for the doing of said work, which said scale of wages is contained in the schedule thereof, entitled "SCHEDULE OF PER DIEM WAGE RATES" on file in the Office of the City Clerk of said City of Upland.

All proposals or bids shall be accompanied by cash, a cashier's check or a certified check payable to said City of Upland for an amount which shall not be less than ten per cent (10%) of the aggregate of the proposal, or by a bond for that amount and so payable, signed by the bidder and two sureties who shall justify, over and above all statutory exemptions, or by a corporate surety bond to the satisfaction and approval of the City.

Said sealed bids or proposals shall be delivered to the City Clerk on or before April 15, 1965, up to the hour of 2:00 P.M. of said day, at the Office of said City Clerk in City Hall, Upland, California. Said sealed bids and proposals will be opened by said City Clerk on said day and hour and shall be reported to the City Council of said City of Upland at its next regular meeting.

Said City Council reserves the right to reject any and all proposals should it deem this for the public good and also the bond of any bidder who has been delinquent or unfaithful in any former contract with said City.

Work of construction shall begin within ten (10) days after the signing of the contract and shall be completed forty-five (45) calendar days after the date of the Contract.

By order of the Council of the City of Upland, California.
DATED: March 3, 1965.

BLUE CHIP STAMPS

From the Mailbox

(Continued From Page 3)

nessman, and a very active church-going man, colored slides to be shown in a projector on a screen.

Both men have young children. And my comment is this—perhaps the parents who are trying to protect their children should be concerned about these goofy adults, who very possibly are instrumental in keeping the market for those things alive.

Of course, my criticism is not constructive, because I don't know what anyone can do about it.

It is a terrific problem and, if the adults are as warped as all that, what can we expect of the children?

Mrs. Florence M. Elgstl
678 N. 3rd Ave.

PROGRESS NOTED
To The Editor:

The basketball team and I would like to thank you for the complete coverage your paper gave us throughout the season.

Your articles kept the community informed of our progress and acquainted them with our efforts.

Thank you for your help.

Jerry V. Kehr
UHS Varsity Basketball Coach

DYAL DOCUMENTED
To The Editor:

Those citizens who like to keep track of their Congressman's doings in Washington should be interested in Rep. Ken Dyal's latest reported votes.

1. Voted to send funds taken from this district's taxpayers to Appalachia and Bobby Kennedy's 11 New York counties for the $1,092,000,000 Appalachian boondoggle. Despite opposition of California's Republican representatives, the bill passed.

2. Voted to recommit resolution to provide $370,000 to support continued operation of House UnAmerican Activities Committee. Happily, Dyal was overwhelmingly outvoted on this one and HUAC operations will continue to be adequately supported.

DOWN WITH THE U.N.
To The Editor:

Since the U.N. was conceived and created by the Communists and is controlled by communism and has furthered the objectives of communism to "bury" the United States, it seems that the American people ought to wake up to the menace before we are under communism.

Let's get out of the U.N. and quick, and get it out of the country!

Mr. and Mrs. John Boogman
618 W. Ralston St.
Ontario

NOTICE OF INTENDED SALE

NOTICE IS HEREBY GIVEN that a bulk transfer is about to be made and MARTIN W. WOLFE and ANNIE N. WOLFE intend to sell to CHESTER MULLIS and MARY MULLIS all of their right, title and interest in and to the lease, leasehold improvements, equipment, furniture, fixtures, foodstuffs and stock in trace of that certain restaurant building and business carried on by Martin W. Wolfe and Annie N. Wolfe at 1869 West Foothill Boulevard, Upland, California, under the name and style of "Buzzie's", more particularly described as follows:

Lots 15 and 16, Tract 2561, in the County of San Bernardino, State of California, as per plat recorded in Book 36 of Maps, pages 76 and 77, records of said county.

NOTICE IS FURTHER GIVEN that Chester Mullis and Mary Mullis intend to mortgage said fixtures and equipment to the intended vendors.

The time when, and the place where, the purchase price or consideration for said sale will be paid, and the said mortgage will take place, are at the offices of Maroney and Garner, 367 North 2nd Avenue, Upland, California, on April 1, 1965.

The business addresses of both the intended vendors and intended vendees are 1869 West Foothill Boulevard, Upland, California. Other business names and addresses used by the intended vendors within three years last past so far as known to the intended vendees is "Jack's Drive-In", 1869 West Foothill Boulevard, Upland, California.

Dated this 12th day of March, 1965.

Chester Mullis
Mary Mullis
Intended Vendees and Mortgagors

STATE OF CALIFORNIA } ss.
County of San Bernardino }

On this 12th day of March, 1965, before me, a Notary Public in the State of California, personally appeared CHESTER MULLIS and MARY MULLIS known to me to be the person whose name is subscribed to the within instrument, and acknowledged that they executed the same.

D. E. Maroney
Notary Public in and for said County and State

Nisbet Notes Post-Kennedy Trend

Many New State As Well As Federal Laws May Be Enacted For Firearms Control

By EUGENE NISBET
State Senator
San Bernardino County

The tragic circumstances surrounding the assassination of our late President have focused the attention of legislators in all states on the need for stricter control of firearms.

Here in California, the Assembly Committee on Criminal Procedure has considered a number of bills, all of which relate to some phase of firearm control.

Much of the public furor over the problem relates to the mail-order sale of rifles, but authorities point out that state legislation in this field could have only limited application, because interstate commerce is mostly within federal jurisdiction.

However, apart from this one field, there are many in which the committee feels improvements in our State laws are needed. The opportunity to tighten up many provisions relating to concealable weapons — pistols and revolvers — is one which could help reduce crimes of violence.

A series of bills introduced by members of the committee have made considerable progress in our Legislature. Five of the bills were moved out of the committee without opposition, and the remaining four are expected to be approved after some amendment.

Three of the first five have passed the Assembly, and are now in Senate committee. One would make the theft of any firearm a felony. A second would redefine the term "machine gun" to include any weapon which will fire more than one bullet on a single pulling of its trigger.

The third would outlaw possession of all sawed-off guns having barrels less than 16 inches in length. This particular measure is specifically aimed at prohibiting ownership of a cut-down version of the M-1 carbine, nicknamed the "enforcer," which the Attorney - General has called "purely a weapon for robbers and murderers."

Other bills have met stiff opposition from the National Rifle Association and sportsmen. One would prohibit the sale of small-arms ammunition to minors. The other would outlaw transporting a rifle in a motor behicle unless it is carried in a locked case.

The Attorney-General has developed his own legislative program to stop criminals from securing concealable weapons, such as hand guns and short rifles. Three of his proposals have been introduced as Assembly bills.

He has also said that later he will suggest new legislation to control the sale and possession of heavy military weapons, "such as cannon, mortars, and rocket launchers."

The first of the three bills put in the hopper at the request of the Attorney-General would require all persons who acquire concealable weapons, either by mail or from private persons, to register them at the sheriff's office within seven days.

The second would prohibit police chiefs or sheriffs from issuing any permit to carry a concealable weapon unless the person requesting the permit is actually a resident of the jurisdiction from which he asks it.

Mathias To Speak At Kaiser Event

Bob Mathias, twice Olympic Gold Medal Decathlon winner, will be the featured speaker at the annual Kaiser Steel Management Club "Father-Son Sports Nite" banquet at Swan Lake Restaurant, Mira Loma, at 6:00 p.m. Wednesday, March 24.

Herb Smith, Management Club president, announced that, in addition to speaking, Mathias will show films of the record-setting 1952 Olympic Games at Helsinki, Finland, making him the sole athlete in modern Olympic history to win the Decathlon Gold Medal at two meets.

Club members not having sons are invited to bring along a boy as their guest for the evening, with the opportunity of meeting Mathias. Tickets for the buffet style dinner, which includes Lenten dishes, may be purchased from the Management Club Booster Committee at the plant.

Diocesan Council Meets March 24 In San Diego

An executive board meeting of the Diocesan Council of Catholic Women has been set by Mrs. F. D. McClintock, president, of Lemon Grove for 10 a. m. Wednesday, March 24, in Valley Ho Restaurant, Mission Valley West, San Diego.

Coffee and donuts will be served by Mrs. M. E. Drake, president of San Diego Deanery and hostess for the meeting, at the Friendship Hour preceding the business sessions.

Diocesan Officers, Deanery presidents and Diocesan chairmen will give reports; among them will be Mmes. Henry L. Lucas, parliamentarian of the DCCW; John Ganger, president of Ontario Deanery, both from Ontario; Daniel Maher of Upland, Diocesan chairman of Civil Defense; and Bernard V. McSweeny of Montclair, Diocesan chairman of Enthronement.

Preliminary plans will be outlined for the Diocesan Council's Convention, which will be held late in the fall. La Jolla Deanery will hostess the convention.

Lunch will be served at 12 noon. Afternoon sessions will reconvene at 1:30 p.m. Adjournment is set for 3 p.m.

Wedding Forms?

PLEASE use our wedding forms!

If you are planning to get married, we would like very much to know about it — and to send you one of our wedding forms to fill out.

They are easy to use and assure us of having the vital and correct facts about this important day in your life. Call Yu 9-1585 or Na 6-7760 to request a form, or drop in the office at 257 E. 9th St., Upland, or 5196 Benito, Montclair to pick one up.

Forbidden Mecca On Color Slides

Abdul Ghafur Sheikh will present the third in the Upland College Lyceum series of lectures Monday, March 29.

Sheikh journeyed into forbidden Mecca, Holy City of Islam, at the risk of his life and returned with a color-slide record of his travels.

Lecture time is 7 p.m. at the college auditorium. Tickets will be available at the door.

CHANGE OF OWNERSHIP — When California Sterling Theaters recently purchased The New Grove Theatre, Upland, from Hugh Thomas & Associates, James Dobie (right) of Arcadia became district supervisor and Robert Bell of Ontario was retained as resident manager. A 3½-year veteran of the local scene, Bell said policy will remain the same, including a Spanish program each Monday and a high-calibre adult show each Tuesday.

Casa Colina Donations Falling Short

Contributions from Casa Colina's annual mail appeal are lagging, according to Ralph E. Perry, M.D., director of the rehabilitation center for crippled children and adults.

"Our fiscal year ends on March 31 and we are about $3,000 short of last year's income from this source of revenue," said Dr. Perry. "To date $51,000 has been received," he continued.

The policy of Casa Colina allows the patients to receive care and treatment and charges to patients are based upon their ability to pay. No person is every turned away for lack of funds.

Patients such as those who are paralyzed from the neck down as a result of diving or auto accidents spend many months at the Center; consequently, they have little or no funds for their care. Contributions enable the Board to maintain this charity policy for both inpatients and outpatients.

Specialized equipment for individual patients must also be purchased. One 16 year old boy who broke his neck in an auto accident needs an electric wheelchair so that he might get around independently. He has no funds for his care nor any funds for the chair which will cost $710.

Residents interested in helping crippled children and adults at the Center are asked to send contributions to Casa Colina, 255 E. Bonita, Pomona.

USC President To Address Club

Dr. Norman Topping, president of the University of Southern California, and Dr. Edward Barker, professor of marketing, will be the guest speakers at a luncheon meeting of the Inland Empire USC Alumni Club on Saturday, March 20.

More than 100 USC graduates living in San Bernardino and Riverside counties are expected to attend the no-host affair at noon at the Arrowhead Country Club, 3433 N. Parkside Dr., San Bernardino.

Reservations for the luncheon and information about the meeting may be obtained by contacting Robert Smith at 545 N. Meridian, TU 6-6774, or Dr. Robert Percy at 3972 N. Waterman Ave., TU 6-4864.

Genealogical Group To Meet Monday

The Pomona Valley Genealogical Society will meet at 7:45 p.m. Monday, March 22, at the Westmont Community Building, 1800 W. 9th St., Pomona.

The meeting is open to the public, and it is hoped tha all interested persons will attend.

Mrs. Ethel Curtis, President of the Society, will speak on "The Genealogical Department of the Pomona Public Library — its contents and use, with a look to the future."

New members of the Society include Miss Jacqueline O'Donnell, Mrs. Vern Berryman, Jr., and Mrs. Mary Hannamen all of Pomona; Mrs. William Davis and Mrs. Chloe M. Underwood, both of Ontario, and Mr. Richard L. Staley of Rowland Heights, La Puente; and Mrs. Rex Cooper of Upland.

Sherm Johnson's FBI Talk Wins

Montclair Toastmasters Club awarded Sherm Johnson the trophy for best table topics, while Harold Banks won top honors for the best speaker award with his speech entitled "The F.B.I. and J. Edgar Hoover," at the regular Wednesday meeting at the Holiday Inn.

Jack Fahres was inducted into the club as a new member.

Guests included John Eichenger from a San Diego club, Wilson Gillingwaters and Woody Clark from Claremont Club 12, and Les Frenette, George Rehm, Dave Karew, and Willis Kimbl.

both in San Bernardino, accounting to Dr. James Willis of Rialto ,club president.

Alta Loma Phone Worker Wins Coveted La Croix Award

Four General Telephone Co. of California employees, including an equipment maintenance man from Alta Loma, have won La Croix Awards, highest such honor in the General System, as a result of their raw courage and quick thinking.

The awards were presented recently at the Beverly Hilton Hotel in Beverly Hills by Parker Sullivan, president of the utility.

Recipients honored were Newell O. Sharp, 9404 LaVine, Alta Loma, who works in the Ontario division; Raymond E. Sydenstricker, field engineer for the company's South Bay division; Bill E. McNee, plant methods administrator with offices in Santa Monica; and Harold W. Capron, service center foreman in the Orange division.

Cool, quick thinking in an emergency marked Sharp's action July 20, 1964.

While installing a telephone in the home of Mrs. J. L. Bishop, he saw the eight-month-old Bishop infant, Laura Ann, gag on a toy horn. The mother tried unsuccessfully to clear the baby's throat.

Then, panic stricken, she ran toward the front door, presumably to summon aid. Sharp hastily picked up the child, turned her over his arm, patted her back and dislodged the object.

Sydenstricker, who received the Silver Medal and $1,000 cash, became the fourth company employee to be so honored since the La Croix program was launched some 10 years ago.

Similarly, McNee became the ninth company employee to receive the Bronze Medal. The Bronze Medal is accompanied by $250 in cash.

Sydenstricker distinguished himself by pulling a father and son from the sea. During a visit to the beach at Brewster, Cape Cod, on his vacation last year, he heard a man's cries for help.

The man, John Moakley, and his son, Dickie, had been walking across tidal flats in the area when a treacherous tide change caught them unawares. Tons of seawater raced toward the beach and strong undertows commenced carrying them into the ocean.

With no knowledge of the depth of the water or the currents he might encounter, Sydenstricker risked his own life to plunge into the surf and save the two.

"There is no doubt," Moakley said later "that he saved our lives."

McNee's heroism also involved a near-tragedy in the water.

While installing a telephone in a Westminster residence Dec. 21, 1963, he saw six-year-old Jan Rubalcaba fall from his tricycle into the home's backyard swimming pool. **without regard for his own safety, McNee jumped into the pool and rescued the child,** who had been pinned to the bottom of the pool by the tricycle.

The child could not swim, and probably would have drowned even if the tricycle had not been on top of him, it was learned later.

Capron's action meant the difference between life and death for a Hntington Beach woman Jan. 30, 1964.

At 5:15 a.m., he answered a call on the testboard. A woman's hysterical voice cried, "Get me help before I die!" Then the instrument was dropped.

He traced the call, reporting the incident to police.

Continuing to monitor the line, **he heard her** moan about **a half an hour later, presumably to police outside her** door, "Go away. I'll never do it again."

He again called police and convinced them to return to the woman's apartment. When they entered, she lay on the floor, unconscious from an overdose of sleeping pills. Doctors said later she would have died had she not received immediate attention.

In attendance at the awards luncheon, besides Sullivan and the four honorees, were the following: Mmes. Sydenstricker, McNee and Capron; Carl Von Hake, vice president-general staff; H. W. Frahm, southern area general manager; R. W. Shaffer, eastern area general manager; O. W. Campbell, northern area general manager; G. A. Woods, director of public relations; C. E. Harker, plant director; M. R. Houston, director of personnel; C. B. Miller, Ontario division manager; C. R. Mead, Jr., Orange division manager, and R. L. Thorburn, **northern area engineer.**

The La Croix Awards were inaugurated in 1955 to honor General System employees for acts of heroism or meritorious service, either on or off the job. They are named in honor of the late Morris Felton La Croix, credited with organizing the General Telephone System.

LA CROIX AWARD for courageous action in an emergency situation was presented recently to telephone equipment man Newell O. Sharp (center) of Alta Loma by Parker Sullivan (left), president of General Telephone Co. of California. Robert Shaffer, eastern area general manager, indicates his approval. La Croix Awards are given annually to employees displaying courage and resourcefulness under emergency conditions, on or off duty.

Rev. Stanley Read Writes Article

"If I Had A Daughter," a timely and provocative article written by Rev. Stanley Read Jr., son of Mrs. Stanley Read Sr., 743 N. 1st Ave., Upland, and the late Mr. Read, has been published in the March issue of the California Parent-Teacher Magazine.

Mrs. Blanche S. Hook, editor of the publication, said the article by Rev. Read, pastor of the Susanville Methodist Church in Susanville, is one of several "lead" stories, including "More on the New Math" and "Guard Against Poisons."

Foothill Width A Big Issue

SAN BERNARDINO (CNS) —A public hearing to determine the width of Foothill Blvd., from the City of San Bernardino westward to the Los Angeles County line, has been set for 3 p.m. Monday, March 29, by the County Board of Supervisors.

The hearing is to be the culmination of a struggle between Supervisors and the County Planning Commission, backed by cities the road cuts through, over the width of the thoroughfare.

Supervisors are determined that it shall be only 100 feet in width. They asked the Planning Commission last July for a recommendation with this width in view, compared with the 120 feet of divided right of way proposed in the Master Plan of roads.

But the Planning Commission accepted a staff report, with letters from the cities of Upland, Rialto and Fontana and the California Division of Highways, holding firm to 120 feet.

Growth in the West End and the need for this east-west artery are reasons given by the Planning Commission for saying no change should be made in the Master Plan.

Supervisors last week showed some resentment over the commission's position. Also, there was some criticism of the illustrated brochure backing this stand placed on Board members' desks, although it is dated Dec. 29.

Supervisor Daniel D. Mikesell, through whose district most of Foothill Blvd. passes, is leading the fight for the reduction in the right of way.

Bob Walline Tops New Rotary Slate

New president and directors of the Upland Rotary Club were elected March 3 for 1965-66.

The new president is Bob Walline, who will be assisted by two-year directors Art Bridge, Dick Hield and Vern Orum. George Porter was **elected director for one year.**

There were eight candidates running for directorships. According to club rules, the three candidates receiving the most votes will serve for two years while the other serves for one.

Present directors Dick Garner and Harvey Stone continue to serve for another year.

Two Librarians At State Session

Mrs. Maxine Bailey, Alta Loma High School librarian, and Mrs. Gladys Naftel, Upland High School librarian, attended the Golden Anniversary Conference of the California Association of School Librarians recently.

The conference was held at the Statler-Hilton Hotel, Los Angeles.

Of interest to the two librarians was a discussion: School district unification, its effect on the County Schools Library program and the newly unified school district library program.

RENZETTI DAUGHTER

Mr. and Mrs. R. John Renzetti, 1395 N. 5th Ave., Upland, became the parents of a baby girl 5:48 p.m. March 8 at San Antonio Community Hospital.

PICENO BOY

Mr. and Mrs. Joe M. Piceno, 9656 Monte Vista, Alta Loma, became the parents of a son at 3:03 a.m. March 7 at San Antonio Community Hospital.

HONOR STUDENT

Miss Louise J. Alluis, 750 W. 25th St., Upland, has merited a position on the Honor Roll at the University of San Diego College for Women, where she is a freshman. A 3.0 grade point average is required for the Honor Roll.

Some tigers are fierce. Some tigers are ferocious. We build both.

There's the incredible GTO with its extra helping of horsepower (360), or the way it comes (335). Or there's the LeMans with a 285-hp V-8, a 250-hp V-8, or a 140-hp six. Either way they're all tigers with bucket seats, carpeting and lots of Oh-you-kid!

NEWS DEADLINE is 12 Noon Tuesday

LOCAL CHAFFEY COEDS represent an eyecatching fifth of 30 comely candidates vying for "Miss Ontario International Airport of 1965." They are (left to right, front row) Christina Razo, Susan Johnson and Laurel Allen and (l. to r., back row) Cora Sue Hotard, Marguerite Archibald and Marsha Becker. Miss Archibald is lone Cucamongan with five Uplanders. This Friday, March 19, the field will be trimmed to 10 and a winner will be chosen April 7.

Thirty Whet To Get Jet-Set Coronet

Chaffey College's 30 "Miss Ontario International Airport" candidates were hosted this past week at a contest kickoff breakfast by an equivalent number of West End businessmen.

Each escort, a member of the Association of Commerce and Industry, presented his lovely guest a corsage and introduced her as the next Miss OIA. The breakfast was held in the Royal Tahitian.

The annual airport promotion contest is an all-student Chaffey College Merchandising Club project. This year, other sponsors in addition to its long-standing ACI patron are American Airlines and the Upland Chamber of Commerce.

The next phase will be at 12 noon Friday, March 19, when the candidates appear before five judges from the community and the Associated Student Body for impromptu answers to prepared questions. This elimination step will reduce the field to 10.

Other events in the month-long contest are scheduled as follows:

March 20, 9:30 a.m. — The Merchandising Club will parade the 10 semifinalists on Euclid Ave. in the historical Ontario-Upland mule car used for such occasions.

March 24-25—The ASB will decide the five finalists by popular ballot.

April 3—American Airlines officials will host the 10 semifinalists at a Los Angeles International Airport tour with a luncheon afterwards.

April 7, 7:30 p.m. — The contest will climax with the selection of the Ontario International Airport Queen at the Merchandising Club's spring fashion show in the Campus Center.

The decision will be made by five other judges from the community. Each of the five finalists will be required to give a prepared speech.

Miss OIA will be crowned by airport director Woodruff De Silva and receive the traditional Mayor's Trophy.

Theme of this year's show is "Big Time in the Big Town." Admission to the show will be a $1 donation to the Merchandising Club fund. Tickets will be available at the college.

NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES
To Whom It May Concern:
Subject to issuance of the license applied for, notice is hereby given that the undersigned proposes to sell alcoholic beverages at the premises, described as follows: 1814 W. Foothill Blvd., Upland (OUT)
Pursuant to such intention, the undersigned is applying to the Department of Alcoholic Beverage Control for issuance by transfer of an alcoholic beverage license for these premises as follows: ON SALE BEER & WINE (PUBLIC PREMISES)
Anyone desiring to protest the issuance of such license may file a verified protest with the Department of Alcoholic Beverage Control at Sacramento, California, stating grounds for denial as provided by law. The premises are now licensed for the sale of alcoholic beverages. The form of verification may be obtained from any office of the Department.

NOTICE INVITING SEALED BIDS
ASSESSMENT DISTRICT NO. A-11-64-1
UPLAND, CALIFORNIA
NOTICE IS HEREBY GIVEN that the City Council of the City of Upland, State of California, hereby invites sealed bids and proposals for the improvement of a Sanitary Sewer and appurtenant works in the Alley Sewer Between Bowen St. and Chaffee St. Improvement District in the City of Upland, State of California, as described in Resolution of Intention No. 1742 of said City Council adopted March 2, 1965, to which reference is hereby made for a description of said work and improvement, the district to be assessed to pay the cost and expense thereof, the bonds to be issued, and for all further particulars therein contained. Reference is hereby further made to the Plans, Specifications and Special Provisions for said work and improvement on file in the Office of the City Engineer of said City in accordance with which said work shall be done.
Plans may be seen and forms of proposals, contract documents, plans and specifications may be obtained at the Office of said City Engineer, at the City Hall, Upland, California upon payment of Two and 50/100 Dollars ($2.50) for each set. Plans and specifications will be furnished at cost and charges for same will not be refundable.
NOTICE IS FURTHER GIVEN that said City Council has heretofore determined the prevailing rate of per diem wages for the doing of said work, which said scale of wages is contained in the schedule thereof, entitled "SCHEDULE OF PER DIEM WAGE RATES" on file in the Office of the City Clerk of said City of Upland.
All proposals or bids shall be accompanied by cash, a cashier's check or a certified check payable to said City of Upland for an amount which shall not be less than ten per cent (10%) of the aggregate of the proposal, or by a bond for signed by the bidder and two sureties who shall justify, over and above all statutory exemptions, or by a corporate surety bond to the satisfaction and approval of the City.
Said sealed bids or proposals shall be delivered to the City Clerk on or before April 15, 1965, up to the hour of 2:00 P.M. of said day, at the Office of said City Clerk in City Hall, Upland, California. Said sealed bids and proposals will be opened by said City Clerk on said day and hour and shall be reported to the City Council of said City of Upland at its next regular meeting.
Said City Council reserves the right to reject any and all proposals should it deem this for the public good and also the bond of any bidder who has been delinquent or unfaithful in any former contract with said City.
Work of construction shall begin within ten (10) days after the signing of the contract and shall be completed forty-five (45) calendar days after the date of the Contract.
By order of the Council of the City of Upland, California.
DATED: March 3, 1965.

Scouting Plans Made By Council For All Of '65

A pencil draft of recommended activities for 1965 was reviewed recently by 48 Old Baldy Council Scouters, according to Council Commissioner Jess Shaner, who emceed the conference.

The plans will be submitted to the council executive board for final approval of the program this month, he said.

Members at the conference represented the six geographical areas of the council: Serrano (Upland, Alta Loma, Cucamonga, Mt. Baldy), Broken Arrow (Ontario and Montclair), Palomares (Pomona and Walnut), Ranchero (Chino), Caohuilla (Claremont, La Verne, San Dimas), and Big Horn (Fontana).

The Old Baldy Council currently serves more than 7,000 Cubs, Scouts and Explorers. The year-end goal for total boys is 8,042.

BERNATH BOY

Mr. and Mrs. Kornel Bernath, 7721 San Diego Ave., Cucamonga, became the parents of a son at 4:52 p.m. March 9 at San Antonio Community Hospital.

NORRIS OFFSPRING

Mr. and Mrs. Michael Norris, 1037 Hampden Ct., Upland, became the parents of a son at 7:58 a.m. March 9 at San Antonio Community Hospital.

Cory C. Aylor Company Is Ontario's Roofing Expert

CORY C. AYLOR

The patter of rain on the roof may be a comforting sound, but when a repair job is needed a spring storm can spell trouble. However, the problem can be easily solved by the Cory C. Aylor Roofing Company, the firm that's been dedicated to keeping a safe roof overhead since 1953.

A phone call to 986-7352 is the first step in bringing roofing experts to your door, ready to do repairs or install a complete new roof. Shakes and shingles are the specialties of Aylor, which also provides all types of roofing as well as trouble-free siding and shingle oiling for added weather protection. All work is guaranteed, free estimates are available and easy budget terms may be arranged to suit the customer's convenience.

For more than 20 years Mr. Aylor's firm, located at 5139 State Street in Ontario, has provided the best in roofing services for the area. Expert workmen do the job quickly and efficiently, insuring clients of a minimum of inconvenience. Only skilled craftsmen are employed by Cory C. Aylor, a practice which has brought the firm steadily increasing business in keeping with its reputation for providing roofing of quality and durability. A company of unquestioned integrity, Aylor Roofing merits your full consideration when the situation calls for top installation or repair.

Maxwell Of Upland For Hair Fashions

MAXWELL BILTON

The woman who knows the importance of preserving her natural beauty, makes a practice of patronizing a beauty salon where the operators are particularly competent in hair styling. In the Upland area, one of the finest shops is Maxwell of Upland Hair Fashions, conveniently located at 274 East 9th Street.

The beautifully appointed salon is owned by Mr. Maxwell Bolton whose years of experience in the field of beauty assures his patrons of the finest care available. Professional operators at Maxwell's are specially trained to create hair fashions designed for the individual, keeping in mind facial structure, hair texture and coloring.

Tinting, bleaching and permanent waving are all specialties at Maxwell of Upland, with every operator well qaulified to give advice on matters of suitable color and conditioning of damaged hair.

The salon itself is a joy to visit with its modern decor, comfortable furnishings and friendly atmosphere. An appointment, always a good idea at any of the better beauty salons, may be arranged by calling 982-7067.

Data-Design For Technical Aids

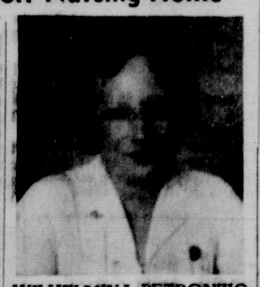

THOMAS BEISEKER

Businessmen and industrialists who are interested in publishing technical brochures for the benefit of customers and employees, will find the Data-Design Laboratories of Ontario to be one of the most competent firms in the field.

Under the direction of Thomas C. Beiseker, Data-Design specializes in both the make-up and printing of all varieties of technical publications. Mr. Beiseker's capable staff, with years of combined experience in technical writing and design, are able to produce the type of lucid copy and attractive lay-out that presents an accurate picture to the reader. The firm also does an exceptional job in printing training aid pamphlets which have proven to be of particular merit in orienting new employees. Company policies, responsibilities of various departments, necessary safety precautions — all information needed by personnel is presented consisely and comprehensively in publications prepared by Data-Design.

The offices at 945 East California Street are among the busiest in town as more and more business executives take advantage of the professional services offered by Data-Design Laboratories.

Superior Care At Plott Nursing Home

WILHELMINA PETRONZIO

Unquestionably one of the finest facilities of its kind in the area, the Plott Nursing Home of Ontario offers the best of care in the loveliest of surroundings. Under the competent administration of Mr. Thomas Plott, the home is licensed by the State Bureau of Hospitals and is a member of the California Nursing Home Association.

A stay at the home, conveniently located at 800 East 5th Street, in Ontario, combines all the best features of a modern hospital and a luxury hotel. Registered nurses are in constant attendance to care for the needs of bedridden and ambulatory patients. Medical equipment is up-to-date and supervised by trained technicians, while all orders of the physician are carried out to the letter. Meals are prepared to perfection by dieticians who cater to the needs and preferences of the individual.

Each room is as cheerful and as beautifully furnished as an interior decorator could wish, serving to make a stay at the Plott Nursing Home almost like a vacation. The social aspect of life at the home receives particular emphasis with a comfortable and well equipped recreation room available to guests at all times. To keep the hours busy and profitable various craft classes are held under the direction of capable instructors. If the selection of a nursing home is one of your concerns, call 984-8629 and discuss the problem with Mr. Plott or Wilhelmina Petronzio, R.N. and Director of Nurses.

William R. Otto, An Aircraft Expert

WILLIAM R. OTTO

From headquarters at the Ontario International Airport, Mr. William R. Otto operates a service of particular value to pilots and aircraft owners.

Known as Otto's Instrument Service, the shop provides complete overhauling and repair for aircraft instruments and their component parts, FAA approved for No. 4005 and instrument class 1, 2 and 3. The nature of the work done by Mr. Oto and his well qualified associates, allows no margin for error. His competent shop carries the recommendation of everyone who has had occasion to rely on his services, rated as among the best in the field.

Mr. Otto also specializes in the design and production of custom made panels for executive and light aircraft. Here again, his work has received favorable reception from scores of satisfied patrons whose personal experiences have proven the exceptional merit of Otto's Instrument Service. Mr. Otto himself, a familiar figure at the International airport, is among the community's best known and respected businessmen. He deserves a special vote of thanks for providing an important service, and providing it well.

REVIEW OF PROGRESS

Review of Progress is a series of informative articles about the progressive individuals and firms who best serve the interests of our community. No person will write of himself or his business. The material will be objectively and candidly prepared after proper research by Feature Story Service.

For Soft Water Nothing Works Better Than Rayne

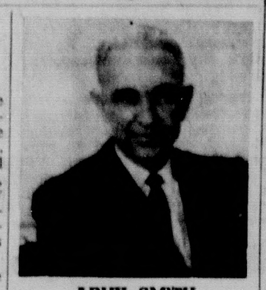

Although the old-timers may remember with nostalgia the many uses of water captured in the rail barrel at the corner of the house, the same jobs can still be done quicker, better and almost as cheaply by Rayne Soft Water Service.

In February of this year Ken and Dorothy J. Brayton observed their second anniversary as the Rayne representative in Upland, where their offices are located at 912 West 9th Street. Pressure cleaned tanks, insuring the ultimate in purity, are utilized by Rayne whose reputation for excellence in service dates all the way back to 1928. Throughout the years the company has enjoyed a phenomenal growth as more and more housewives and businessmen realize the truth of the saying that "Rayne soft water doesn't cost —it pays."

The harsh chemicals found in untreated hard water can make washday expensive, and troublesome, calling for the use of conditioners and commercial softeners which at best do a partial job. Washing machine repairs are a certainty in the house where hard water builds up deposits virtually guaranteed to clog mechanisms while leaving a gray film on clothes.

Rayne Soft Water Servcie, may not take all the work out of keeping house, but it's a help that no one who has used it would care to do without. Business and industry also find it indispensable, as well as economical. For estimates without obligation, call Mr. and Mrs. Brayton at 985-1873.

Sunkist, A California Landmark

ARVIL SMITH

Although the bulldozers have leveled thousands of California orange groves to make way for housing sub-divisions, the citrus industry is still much in evidence in Ontario, home of the internationally famous Sunkist Growers Incorporated — or more precisely, their Orange Products Division.

The Sunkist plant, under the competent direction of Mr. Arvel J. D. Smith, specializes in the processing of orange juice, essential oils, pectin, pharmaceuticals and feeds manufactured from oranges and grapefruits. Somewhat of a landmark in the Ontario area, at 616 East Sunkist Streee, the firm utilizes the most modern equipment available. Strict sanitary regulations are followed throughout each step of processing, insuring consumers of the finest, purest, and vitamin-rich citrus juices on the market today.

Mothers and homemakers all over the country have long recognized that the name Sunkist, is synonomous with health. The unexcelled California oranges are utilized to their greatest extent by the skills and long experience of the people who work for Sunkist Growers. The firm is regarded with particular pride by Ontario civic leaders who recognize the important role it plays in keeping alive the California image as the land of sunshine and oranges.

B-C Tire Co. Local Gates Distributor

BILL SNYDER

While you're concentrating on keeping the family car, or the business truck or tractor in A-1 mechanical condition, it's easy to overlook the tire situation. Thin, baldheaded tires can be a danger under the best of conditions, but on today's high speed highways, they're deadly.

Fortunately, replacement presents no problem, especially if you know about the remarkable Gates low profile nylon tire with its 5000 to 8000 extra bonus miles — at no extra cost. Local distributor for Gates is B-C Tire Company at 240 South Euclid Avenue in Ontario. Owned by Mr. Bill Snyder and Mr. Lyle Cowling, the firm also supplies expert recapping, retreading and repairing services to put miles of life back into an aging tire.

Wheel alignment, wheel balancing and the sale of batteries and numerous automobile accessories are additional company specialties with all work done by men who are well experienced in their trade. Prices are low and G.A.C. financing may be arranged with a minimum of red tape.

A visit to B-C Tire Company today may prevent serious trouble tomorrow. Always a pleasure to deal with, Mr. Snyder and Mr. Cowling operate a firm that rates your patronage.

Dr. C. W. Bunner For Health Care

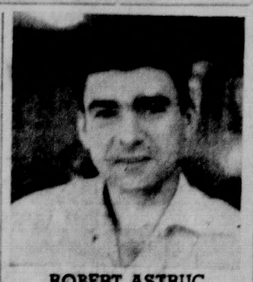

CHAS. W. BUNNER, D.C.

One of the most diseinguished local names in chiropratic therapy, is Dr. Charles W. Bunner, D.C. who maintains offices at 515 North Lemon Avenue in Ontario.

A complete health service is offered by Dr. Bunner who specializes in X ray, industrial injuries, insurance cases and health and welfare patients. The most modern equipment available is utilized to provide proper diagnosis and treatment of localized pain, intestinal problems, backache and other disorders which may be manifested in a variety of seemingly unrelated symptoms. Dr. Bunner and his staff have had years of experience in the successful treatment of stubborn cases where routine medication has failed to provide relief for the patient.

A sympathetic approach combined with professional competence instills instant confidence in Dr. Bunner's many loyal patients, many of them living useful, productive lives after years of searching for proper treatment for their complaint. Rather than suffer needless pain from a condition that may not have been correctly diagnosed, take the problem to Dr. Bunner. For an appointment, the number to call is 986-4671.

For Coiffures, French Touch' Has The Magic

ROBERT ASTRUC

The "French touch" is more than a catchy slogan, particularly as it applies to French Touch Coiffures, one of the most fashionable and expert beauty salons in the Ontario area.

Operated by Mr. Robert and Suzanne Astruc, both natives of Paris, the shop offers a complete beauty care center for discriminating women. Hair coloring and permanent waving are the specialties of Mr. Robert, Miss Suzanne and their competent associate, Miss Pat. High fashion coiffures, individualized for each patron, are created to perfectly suit personality and facial structure. The type of hair style "just right for you," often seems to bring miraculous results, but each miracle is soundly based on professional competence and sound training in the art of beauty.

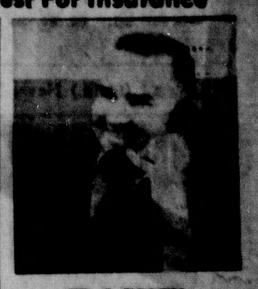

The salon carries a large selection of quality wigs in a wide range of colors, and also specializes in the cleaning and re-styling of wigs and hair pieces.

Advice on all phases of hair care, problems of texture, repair of damage caused by over-tinting or bleaching, may be safely left to Mr. Robert and Miss Suzanne. The fashionable salon at 327 East E Street in Ontario is a pleasure to visit, although a call to 986-1777 to arrange an appointment, is always suggested.

E. R. DeBoer & Co., Best For Insurance

BILL DE GROOT

ED. J. TALEN

One of the finest insurance services in the community, E. R. DeBoer and Company is a specialist in filling the needs of businessmen and residents of the Ontario area who prefer to do business with a well known firm of proven integrity.

Directed by Mr. William "Bill" De Groot, vice-president, the company is well qualified to handle your entire insurance program. Straight life, homeowners policies, accident, education—you name it and Mr. DeGroot will take it from there, providing a personalized service that recognizes circumstances, rather than income, dictate the amount of coverage required.

From offices at 2441 South Euclid Avenue, Mr. De Groot also offers complete real estate service under the name De Groot and Company Realtors, Inc. Farms, homes rentals, acreage and investments are bought and sold with an efficiency and professional competence that proves satisfactory to everyone concerned in the transaction. Mr. Edward J. Talen, associate, or Mr. De Groot himself, will be pleased to discuss your real estate problems at your convenience. The number to call for full details on services for insurance, investments, or property sales, is 984-0533.

O-U Realty For Wise Investments

FRANK MISTRETTA

In the buying and selling of property, or the investment of hard earned funds in a business which may or may not prove lucrative, only the seasoned experts can manage without counsel from professionals in the real estate field. Invaluable services are performed by experienced realtors, such as Mr. Frank J. Mistretta of Upland who devotes his working hours to serve the needs of his many clients.

From the convenient 74 West Foothill Boulevard offices, Mr. Mistretta operates the O-U Real Estate Service, known throughout the area as one of the finest of its kind. All types of property—residential, commercial, rental and acreage are handled by Mr. Mistretta and his associates, whose knowledge of property values in Ontario and adjacent communities is second to none. Comprehensive listings, changing constantly, assure prospective buyers of finding the exact property they have in mind, while sellers who list with O-U Realty discover they have chosen a firm which specializes in fast action.

Investment services at O-U carry sound advice, with Mr. Mistretta primarily concerned with the best possible deal for his client. For complete information on how O-U can help you invest wisely, call 982-1534. It may be the beginning of financial security for you and your family.

Peary J. Tennison, Area Building Expert

PERRY J. TENNISON

Looking for the services of a competent general contractor? You can go farther, but you won't find a better qualified builder than Mr. Peary J. Tennison of Ontario, "the local man for the job."

From his headquarters at 227 East I Street, Mr. Tennison and his skilled crews specialize in all types of commercial and residential construction jobs. If its remodeling you have in mind, perhaps adding a room or extra bath, Mr. Tennison's builders will take over the project at the lowest possible cost to you. A vacant lot can mean loss of potential income, an excellent reason to consider calling Mr. Tennison at 984-2819 to talk over construction of a house or rental units.

Modernization of existing dwellings is another specialty of the firm which has a reputation for prompt completion of all contracts without sacrifice of quality craftsmanship. Mr. Tennison uses the finest of materials and employs the type of men who take pride in their work—from the framers to the finish carpenters. His company is known throughout the Ontario area for integrity, a reflection of Mr. Tennison's reputation as one of the community's most outstanding businessmen. Estimates are always available, as well as advice and suggestions to give you more satisfaction and value from your property.

For Cleaning Perfection Its Tom-Son

ELISE PITTENGER

When it comes to fast, efficient and economical dry cleaning service, few establishments are able to match the quality of work offered at Tom-Son Cleaners, conveniently located at 181 North 2nd Avenue in Upland.

Under the direction of Elise L. Pittenger, the "on the premises" plant specializes in dry cleaning at its best. Everything in the family wardrobe will benefit from a visit to Tom-Son which also provides excellent laundry services, doing a particularly fine job on dress shirts. In the dry cleaning department, blankets, drapes, slip covers come out looking as good as new—a point to keep in mind now that Spring housecleaning time is around the corner.

Tom-Son is recognized as an expert at knit blocking, and in addition offers professional alteration service for all types of garments.

A four hour dry cleaning service at no extra charge, is available on request, and for the convenience of customers the plant is open six days a week from 7 a.m. until 6 p.m. A member in good standing of the National Institute of Dry Cleaners, Tom-Son gives the thrifty S and H Green Trading stamps with every order.

Hy-Grade For Quality In Cabinets

JOSEPH L. KENNY

Certainly no interior decorator would deny that the charm of a house to a great extent depends upon the type of cabinets used throughout the kitchen and bathrooms. Decoraters and homeowners alike are equally enthusiastic over the quality work done by Hy-Grade Cabinet Company Inc., a particularly competent firm located at 996 West 9th Street in Upland.

Under the direction of Mr. Joseph L. Kenny, president of the firm and an acknowledged expert in the cabinet-making field, Hy-Grade specializes in custom work for both homes and business establishments. Accomplished craftsmen with years of combined experience are employed by Mr. Kenny who takes pride in the superior reputation his firm has acquired among its many customers. Hy-Grade cabinet makers, working to specifications in either hard or soft woods, turn out cabinets of beauty and durability in every conceivable style and finish. Orders are completed on time, prices are competitive, and the professional quality of the finished work is uniformly high.

Estimates and full details may be obtained by calling the shop at 982-4054, where Mr. Kenny or one of his capable associates will be happy to discuss the services offered at the Hy-Grade Cabinet Company.

Vast New Water System Would Feed Southern Counties By Early 1970s

A bond issue of $850 million to finance the major part of a huge new tunnel and pipeline system required to distribute Northern California water will be submitted to the voters of the Metropolitan Water District at the June, 1966, State primary election.

That decision was made last week by Metropolitan's Board of Direccors on the basis of a report proposing a construction program costing an estimated total of $1.2 billion to convey the vast quantities of Northern water to the District's member agencies on the arid coastal plain. The first of the new water supply will reach here in the early 1970s.

The report was submitted by Robert A. Skinner, MWD general manager and chief engineer, and will be under continuing study by committees of the Board.

Skinner said approval of the board issue is not expected to result in any significant increase in the District's tax rate which now amounts to 14 cents per $100 of assessed valuation.

He said that District revenues will be going up substantially as total assessed valuation rises and gradual boosts in water rates go into effect.

The proposed works, which would be built during the next two decades, would take care of the growing water needs of the District areas in the six counties of Los Angeles, Orange, Riverside, San Bernardino, San Diego and Ventura until at least 1990 and, in some cases, until the year 2020.

By 1990, the District's population is expected to reach 17,000,000. Its present population is 9,500,000—half that of the entire state.

Among the new District facilities may be a sea water conversion plant large enough to meet the needs of a city the size of San Francisco. Mwd joined last December with the Federal Government in awarding a contract for a far-reaching engineering study of such a plant. The study will be completed by the end of the year.

The major element of the projected new distribution system will be the Foothill Feeder, a 94-mile-long "backbone" line. It alone will cost more than $500 million.

The Foothill Feeder will start at Castaic Reservoir in the Tehachapis, terminus of the West Branch of the State's California Aqueduct, and will have the capacity at that point to convey MWD's full contract allotment of Northern water 2,000,000 acre-feet annually.

It will extend south to the proposed Balboa treatment plant in the northern part of the San Fernando Valley where it will swing east, first along the north slope of the Verdugo Mountains and then along the south face of the San Gabriel Mountains to the outlet of the Devil Canyon power plants of the State's East Branch Aqueduct in San Bernardino County.

Branch lines will connect the feeder with the District's existing treatment plants at La Verne in Los Angeles County and near Yorba Linda in Orange County. Another new treatment plant is planned for construction in the Pasadena area after about 1980.

The Foothill Feeder will consist mainly of tunnels as much as 20 feet in diameter with some of them more than seven miles long. Contracts for parts of the Feeder will be let this year. These will be financed out of the District's general fund and its existing bonding capacity.

Still another major construction project outlined in the report will be the Inland Feeder System which may include a third new treatment plant southeast of the city of Riverside. The plant would be supplied initially through a connection with the East Branch of the California Aqueduct.

The main Inland Feeder will start at Rialto at a junction with the Foothill Feeder, extend south to the Riverside treatment plant, then southeast to Perris Reservoir, terminus of the East Branch Aqueduct. A line will also run west from the treatment plant to the Corona area.

Also an integral part of the Inland Feeder will be a line reaching east from Perris Reservoir to connect with the MWD's existing San Diego Aqueduct near San Jacinto. This aqueduct has sufficient capacity for its first 20 miles from San Jacinto to Auld Valley to handle the Northern water.

In addition to the cost of the distribution works, Metropolitan, under its water contract with the State, will pay about 75 per cent of the cost of the California Aqueduct system. The estimated cost of the State facilities is $2.2 billion.

The water from Northern California is needed not only to meet the expected population growth in the District but also to offset an anticipated loss starting in about ten years of more than half the District's present supply from the Colorado River.

The District's voters in 1931 approved a $220 million bond issue for construction of the Colorado River Aqueduct.

In 1956, the electorate authorized the District to issue short-term "W" bonds to complete expansion of that aqueduct system. A total of $77 million of "W" bonds has been issued.

Xi Gamma Kappa Chapter Elects 1965-66 Officers

The election of officers for the year 1965-66 was the main order of business for Xi Gamma Kappa Chapter of Beta Sigma Phi when members met recently at the Riverside home of Mrs. L. B. Dickson.

Mrs. John McGrogan will lead the group as president, with the assistance of Mrs. Jerry Risch, vice president; Mrs. Jack Hipple, recording secretary; Mrs. John Meyer, corresponding secretary; Mrs. Ed Brown, treasurer; Mrs. George Rooke, civil defense chairman; and Mrs. Robert Hart, city council representative.

During the business meeting conducted by the outgoing vice president, Mrs. Harvey Kent, it was decided to present the chapter's Cystic Fibrosis donation at the Mission California Council Breakfast to be held Sunday, March 28, at the Mountain View Country Club in Corona.

Mrs. Brown announced that the Ontario City Council Potluck will be held Monday, March 29, at the Montclair Recreation Center. The election of the new officers for the council will take place at the social.

Mrs. McGrogan presented the cultural program titled "Natural Enjoyment." The pleasures of touch, taste, smell, sight and hearing were demonstrated.

The civil defense film, "Alaskan Earthquake," was shown by Mrs. McGrogan, outgoing CD chairman. The film showed the extent of the recent earthquake damage and the rapid reconstruction made by the citizens of Alaska.

The next meeting of the chapter will be held Thursday, March 18, at the home of Mrs. Bob Dosh, 313 White Ave., Upland.

Edison Company's Report A Record-Breaking Story

Accomplishments exceeding "the record results of the year 1963 in substantially all respects" are chronicled in Southern California Edison Co.'s 1964 annual report, issued recently to the electric company's 149,000 shareholders.

Board Chairman Harold Quinton announced that Edison's earnings per share rose 10 cents to $1.88, a gain of 5.6 per cent, on 37,482,568 shares. The preceding year's $17.8 was earned on 35,966,059 shares.

Gross revenue advanced $26.6 million to $450,904,128 in 1964, up 6.3 per cent over 1963's revenue of $424,269,224, Quinton said.

This new high in revenue was accomplished despite two major rate reductions totaling $14.8 million on an annual basis during the year, and the new high in earnings per share was achieved despite "the dilutive effect of 1.5 million additional shares of stock issued in October," he pointed out.

Net income for the year was $77,053,122, an increase of 8.4 per cent over the 1963 total of $71,099,117. Total energy sales reached nearly 28 billion kilowatt-hours, up 11 per cent from 1963, reflecting "the continuing success of the company's various marketing programs," the report states.

The company said population of its 65,000-square-mile service area in California and Nevada totaled 6½ million and is expected to reach 8 million by 1970.

Taxes paid by Edison during 1964 totaled $102.4 million, exceeding $100 million for the first time in company history. Taxes continue to be the largest item of company expense, accounting for nearly 23 cents of every revenue dollar, the report pointed out.

Diversification of energy sales in the company's service area is illustrated in the report by an array of photos showing a wide range of different types of industries, "satellite" communities and shopping centers and residential developments.

Edison has more than 30,000 industrial customers, yet no single industry accounts for more than 5.6 per cent of total kilowatt-hour sales, the report states.

Program For Accountants In Upland

Section meetings of a Technical Training Program will be held at the Stuft Shirt Restaurant, Upland, for Pomona Valley Chapter members of the National Association of Accountants. Beginning at 5:30 p.m. Thursday, March 18, the following two sections will be conducted:

"Cost Accounting and Control," conducted by Clarence Moreland, chief cost analyst, Sunkist Growers, Inc., Ontario.

"Systems and Procedures and Data Processing," conducted by John Garrison, senior systems analyst, Burroughs Corp., Pasadena.

Dinner is at 6:45 p.m., followed by "Avery Label" presentation at 8 p.m. Types, manners of using, varieties and reporting by labels will be discussed.

Accountants may phone 982-2608 for reservations.

Fast Feet, Top Hands

Annual Sheriff's Rodeo On Saturday, Sunday

Wildest stock on the range and top cowboys of the nation will explode into action for the 9th annual championship Sheriff's Rodeo this weekend at the 50th National Orange Show in San Bernardino.

Cowboy competition for the nearly $10,000 in prize money for this biggest rodeo in the Southland for the season gets under way at 2 p.m. Saturday and Sunday, March 20 and 21, in the big Orange Show stadium.

The annual Rodeo Parade, largest and most colorful in the State, will start at noon Sunday, March 21, in downtown San Bernardino to kick off the final day's round of rodeo competition. Some 2,000 persons and 800 parade horses carrying more than a million dollars' worth of mounted silver will participate.

Grand marshals for this year's parade will be Roy Rogers and Dale Evans, the King and Queen of the cowboys and popular stars of the entertainment world.

An RCA-sanctioned event, the two-day Sheriff's Rodeo will feature the six standard events—saddle and bareback bronc riding, bull riding, steer wrestling, calf and team roping.

Added special attraction will be the wild chariot races, one of the most exciting events on the rodeo circuit. Two of the original four-horse teams from the motion picture, "Ben Hur," will compete in a mad dash around the stadium with flying hooves and chariot wheels.

Special contests on tap each afternoon are the Cowgirls' Barrel Race, the Sheriff's Deputy's calf-tying contest and the Cowboys' Hide race.

Gene and Bobby Clark of Lamont, hilarious and daring rodeo clowns, will perform in the arena. Chuck Parkinson of North Hollywood, nationally-known rodeo announcer and western actor, will handle the announcer's microphone.

The rodeo is sponsored by the San Bernardino County Sheriff's Employees Benefit Association in cooperation with the National Orange Show.

Business Same In February As In January

Southern California business activity for February remained unchanged from the previous month, Security First National Bank's research department reported this past week.

Compared to year-ago levels, the economy gained only a percentage point. Attributing to the modest advance were sharp declines over the past year in construction activity and real estate sales.

The economy of the 14 southern counties, as measured by the bank's business index, registered a preliminary figure of 142.4 for January and February. In December, the figure was 140.7.

Bank clearings led the components of the February index by recording a moderate gain over the previous month. Department store sales were relatively unchanged after adjustment for seasonal influences, but real estate transfers and construction activity remained in a downward trend.

Employment in Southern California metropolitan areas continues to rise at a rate above the national average. In January, the latest month for which figures are available, civilian job holders numbered 125,000 more than in the same month a year earlier. The gain, amounting to 3.2 per cent, substantially exceeds the nation-wide increase of 2.6 per cent.

Unemployment in the Southland's metropolitan areas averaged 5.7 per cent of the total labor force in January on a seasonally adjusted basis. This compares with a national average of 4.8 per cent.

High School Lunch Menu

Thursday, March 18
Braised beef with whipped potatoes, tasty green beans, carrot and cabbage salad, hot roll, butter, milk or fruit punch.

Friday, March 19

Wednesday, March 24
Meat enchilada with Spanish sauce, hot buttered corn, crisp tossed green salad, hot roll, butter, milk or fruit punch.

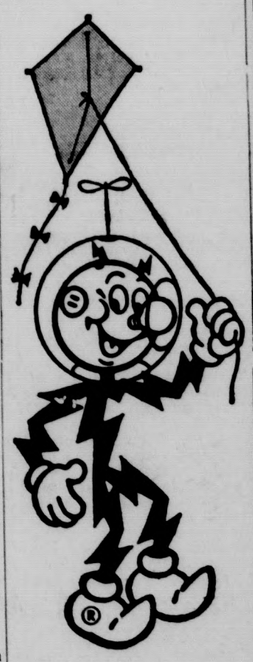

Nisbet Reports Fact Finders Have Compiled Giant Inventory

Sen. Eugene G. Nisbet (D), Upland, a member of the Senate Fact Finding Committee on Natural Resources, announced last week that the committee has just completed and submitted to the Senate the most comprehensive inventory of land ownership and use by public agencies ever undertaken.

Nisbet stated, "The committee has attempted to secure land ownership data from every public agency owning real property in California. We have for the first time on a county by county basis a detailed listing of how much land each operating public agency owns and the use to which the land is being devoted.

"The data contained in this report will be invaluable to all public and private agencies concerned with the proper management and use of the public lands and will be of great assistance in achieving sound land use planning and in assessing the effect of additional land acquisitions by public agencies.

"There are 10,070,393 acres of publicly owned real property in San Bernardino County which constitutes 78.16% of the 36th senatorial district and represents over 20% of all public lands in the State of California. The State contains some 100,206,720 acres of land. Of this amount, 48,968,690.19 acres or 48.87% are in public ownership."

Kite Safety and fun checklist for earthboys

Launching Pad—Open field away from overhead wires.

During Countdown—Make sure kite has no metal parts.

Ground Control—Dry cotton string *only* (*never* wire or metallic).

Crash Procedure—Abandon kite *immediately* if it catches *in any wires!*
